This will provide background information to understand the submitter's points in the 'Submission Summary' and 'Decision Sought' fields.
2. Further submissions must be completed in accordance with 'Form 6' (which can be downloaded from [www.tcdc.govt.nz/dpv1](http://www.tcdc.govt.nz/dpv1) or picked up from one of the Council offices).
3. Further submissions must be received by Council no later than 5pm on Friday 29 January 2016.
4. Submitter Number 64 is not included in the 'Summary of Submissions Received' as the Hearings Panel did not accept their submission. Submitter Number 79 is not included in the 'Summary of Submissions Received' as this submission is a double up of a previous submission.

***Please note: The following is a summary of the decisions sought in submissions on Variation 1. If you intend to make a further submission it is advised that you review a copy of the full submission (by clicking on the blue underlined numbers in the 'ECM File Number' section) or that you contact TCDC for a copy of a submission.***
