The historic heritage resources located in each of the five Community Board areas within Thames-Coromandel are identified and assessed in the following sections. It is intended that each discussion document will facilitate the development of Local Area Blueprints and assist in the forthcoming review of the Thames-Coromandel District Plan.

The reports have been arranged in a ‘clockwise fashion’, beginning with Thames as the largest of the district’s settlements. The recommendations contained within each report are predicated on the historical narrative set out in Coromandel Peninsula Thematic History.
