Schedule 1: Food Business verification terms and conditions

Thames-Coromandel District Council (Council) is a registration authority under the Food Act 2014 (the Act) for food control plans (FCPs) and food businesses subject to a national programme (NPs).

The Ministry for Primary Industries (MPI) has appointed Council a verifier under the Act to verify businesses subject to the FCPs and NPs.

Under the Act, any appropriately recognised agency or person can verify a business operating under a NP. The following terms and conditions apply to food businesses which have agreed with Council to act as their verifier.

Verification

1. Council will conduct its verification function under the Act and the Food Regulations 2015 (the Regulations).
2. Council will obtain all evidence which in its discretion allows it to consider whether or not a food business complies with the FCP or NP and with the relevant provisions of the Act and Regulations.
3. The nature and extent of Council's procedures and processes may vary according to the type of business, risk assessment, and previous compliance history. Council will focus on what is most important for the food safety at each type of business.
4. At the end of the verification, Council will provide the food business with an outcome report for each verification topic covered. The possible outcomes will be detailed in the report.
5. If any issues are discovered, Council will agree with the food business on a plan to address those issues, including setting reasonable timeframes, and the timing of the next verification visit.
6. Council will provide MPI with a report of the outcome of the verification visit.

Obligations of the food business

The food business agrees to provide Council with the following:

- reasonable access to the food business
- reasonable access to information and documents relating to the food business
- reasonable access to documents that are required to be kept under the risk-based measure
- reasonable access to food and to food-related accessories that are used in connection with the risk-based measure or that ought to be used in connection with the risk-based measure.

The food business warrants that all information and documents provided are complete, true and accurate and up-to-date and that:

- all food preparation tasks are being properly carried out by appropriate staff who have been suitably trained and instructed
- any restrictions or conditions place on the registration are being complied with
- they will notify Council of any further information, including any post verification events, which may have a bearing on the verification.

Preconditions or Conflicts of Interest

If any staff from the Council has been involved in the design of your food premises or procedures, we cannot act as your verifier. We aim to undertake the agreed services in an independent and impartial manner at all times.

Fees and Charges

Verification fees and charges are published at [www.tcdc.govt.nz /Our-Services/Fees-and-Charges/](http://www.tcdc.govt.nz/Our-Services/Fees-and-Charges/) and are subject to periodic review in accordance with the Act. Charges for all verification related services will be invoiced following verification and are non-refundable.

Term and Termination

The food business may terminate the agreement with Council at any time by giving at least two (2) weeks written notice.

Where the Council cannot provide a verification service under this contract or where it can no longer provide a service, it will advise the food business at least two (2) weeks prior to stopping the service of the need to make arrangements to engage another verifier.

Council may terminate the agreement and stop providing any verification services immediately if the food business is in breach of these terms and conditions or if their registration is revoked, suspended, surrendered or substituted.

Complaints and disputes

If you have a complaint in relation to our services, or the person conducting them, or you dispute any recommendation put forward by your verifier, or you would like to comment on the service you received, please contact the Team Leader Environmental Health. We document all complaints, disputes and compliments in an attempt to continually improve our service under our Quality Management System. All complaints or disputes are confidential.

Disclaimer

A verification under the Act does not constitute a permit, authorisation, or other permission under any other Act, Regulation or bylaw. The verification report provided is based on the inspection of the accessible aspects of the food business and represents the Council officer's opinion of the observable condition of the building, facilities, equipment and documents on the day and time of the verification.

The verification report is prepared for the food business and MPI only. The food business agrees to indemnify, defend and hold the Council harmless from any third party claims arising out of the food business distribution of the verification report to any third party.

Council's liability for mistakes or omissions in the verification report is limited to a refund of the fee paid for the verification.
