(Full name)

.....  
(Name and address of firm)

Hereby confirm that the manhole positions, schedule of co-ordinates, invert and lid levels, connection locations and distances between manholes and pipe sizes are correct.

I note that in the event of incorrect As-Built information, the following procedure will be adopted.

1. The Consultant shall act, within two working days of being informed, to locate the service on site and provide correct As-Built information.
2. If the Consultant fails to locate or respond accordingly, Council will arrange for the works to be carried out and charge the Consultant and take such action as is considered reasonable and necessary.
3. If proven to be correct, Council will meet Consultants cost to establish same.
