				and supply of additional parking to cater for tourism?
Feedback #	Туре	YES	NO	Comments
1	Hahei		1	Large car park will overload cathedral cove in an adverse way -
	Hahei Hahei	1		Takes traffic off town centre.
		-		
	Hahei Lees Road	1		Ambivalent but will service a purpose. As a part of the overall walk (as planned) probably superfluous - more appropriate for day walkers
	Hahei	1		Ideal for those just walking to Cathedral Cove. Track is to be improved and a waterfall on the way adds to its appeal
				However need to get an upper limit to the number of car parks. To protect the vicitor experience the maximum tourist number needs to be determined
7	Hahei	1		However need to set an upper limit to the number of car parks. To protect the visitor experience the maximum tourist number needs to be determined and that should be the car park max. There is a limit to the # of tourists we can squeeze on to the beaches and walkways for the Hahei area.
				Use parking as you enter Hahei village on right hand side. Need to improve number of toilets in Hahei first e.g. by playground/tennis courts. Allow
8	Hahei	1	1	better walking access along beach rd. to beach - no parking on grass verge
	Hahei	1		At least in the short to medium term until a better long term parking facility can be set up at the entrance to Hahei itself
11		1		Close to Cathedral Cove, purpose visit to cove Ease Hahei street congestion (local businesses have nothing to fear as people will go to Hahei for food, icecreams/cafes etc. anyway.
	Cooks Beach	N/A		
				I think your fast track proposal is a second rate option - the safe, cheaper, easier option but not the best choice for those wishing to visit Cathedral Cove. I feel they'll only be getting a half experience, missing 3/4 of the present Cathedral Cove track. A Lees Road car park is only giving them a road and
				farmland walk - not the coastal experience they seek. Put a 200 car park on Doc Land at Grange Road lookout point. Sure it will take more lwi
	Cooks Beach Cooks Beach		1	consultation, be more expensive and time consuming but good things take time and effort!!! I don't believe that relocating parking that far from the village will accomplish a reduction in congestion in the Village.
	Cooks Beach	1		It will prevent congestion in Hahei Village
16	Hahei	1		
				In regard to Lees Road the short answer is that we support the plan to put a parking lot on Lees Road because this plan is a major step in the direction of
				relieving traffic congestion in Hahei Village. Additionally we think the Lees Road Lot should be associated with clear signage indicating three ways to get
				to Cathedral Cove: 1. Park and pay then walk across to Cathedral Cove. 2. Park in the Village Lot paying for transportation to the top of Grange Road. Emphasize that there are options to shop for supplies and to eat. 3. Take the Water Taxi from Hahei Beach In the long term as tourist volume is sure to
				increase a bold approach to parking in the Hahei area is necessary. Such an approach could also include: 1. Yellow lining of all streets where parking is
				deemed unwelcome. Alternatively notices that say resident parking only. 2. Numbered park and pay slots where street parking is allowed. 3. Limited time parking meters around the shopping area. 4. A public parking area with park and pay options separated from the area dedicated to the Cathedral
17	Hahei	1		Cove option. 5. One sticker per rate payer to allow free parking anywhere in the village.
18	Lees Road		1	Car parking and a commercial area should adjoin Hahei entrance car park
19	Hahei	1		Hahei is unable to support the visitor influx without separate "core visitor" parking at Lees Road. Nov- Easter is bedlam in Grange Road
	Hahei	1		We need something all year round! Lees Road makes sense as Grange Road is now too Busy
				It makes sense to divert traffic to Lees Road car park (at Link Rd/Hahei Beach Road) if people are not planning opt use the services/beach at Hahei. It
21		1		frees up car parking at Hahei and allows people to reach Cathedral Cove without having to Wait for a shuttle.
				Living in Habei and caping the unst increase in tourist traffic and the distance of dou trippers who cannot find parking. Loos read is the only calution for
22	Hahei	1		Living in Hahei and seeing the vast increase in tourist traffic and the distress of day trippers who cannot find parking. Lees road is the only solution for the future. The current park and ride cannot cope with future demand and doesn't already on busy and shoulder season days when it doesn't run.
				Any parking location accessed from a road other than Hahei Beach Road makes sense given that this reduces traffic on Hahei Beach Road, and traffic
23		1		associated with the Great Walks Project is expected to be significant. This only makes sense for those people that were not going to contribute to the Hahei community in any way as part of their Cathedral Cove/Great Walks Visit.
24		N/A		
25	Hahei	1 N/A		
	Hahei	1		Parking in Hahei is a major issue
29			1	Find a park and walk- Would pay for parking at Pa Road if had to. Would take the shorter walking distance if given a choice Two minds - Provided Hahei businesses wouldn't be affected - support a low impact development and no bulldozing of bush - need to improve Pa Road
30		1		Car park with landscaping and trees.
21		1		Need to do compthing to address traffic and parking issues. Yes park as along as possible would be good and would be prepared to pay for parking
31		1		Need to do something to address traffic and parking issues. Yes park as close as possible would be good and would be prepared to pay for parking.
32	Hahei	1		Need to have parking and walking. Need to provide parking. People expect to pay for parking \$10 over the top, must have toilet facilities.
33	Hahei	1		Supportive but don't live up Lees Road. Happy to pay for parking provided the rates are reasonable \$5-10. Don't mind taking a shuttle to start of walk as congestion is a major issue.
34	Cooks Beach	1		Does a one shuttle drop off when visiting - would pay for parking if less than \$10.
35	Cooks Beach	1		For summer months - no parking fees for locals - tourists pay.
	Hahei	1		lots of people - why do we still bring cars?
38		1		If busy use shuttle link and reasonable amount of charging. Lots of vehicles dangerous in Village. Has used private parking which was cheap so any charging in car park need to be not too expensive - \$10 for private parking for a day.
39		1		Would pay for a shuttle, however would prefer to pay for parking than a shuttle if had to pay.
40	Hahei	1		See Other Comments
	Cooks Beach	1 1		
43	Cooks Beach	1		Need more people here - more jobs/opportunities
	Cooks Beach Lees Road	N/A N/A		More parking Needed
46		1		
47	Cooks Beach	1 N/A	1	Mixed opinion - everything is full now the walkway opens things up more. Need to keep walkway to Cathedral Cove. Would only pay \$1-2 - what would happen to the car park off peak?
49	Cooks Beach	1		Good idea
50 51		1		Need to respect private property owners - Cathodral Cove already year busy and full of taurists
-	Cooks Beach	<u>1</u> 1		Need to respect private property owners - Cathedral Cove already very busy and full of tourists.
53	Hahei	1		
54 55		1		No Freedom camping in car park
56	Cooks Beach	1		Support park and walk in
<mark>57</mark> 58	Cooks Beach	1 N/A		Depends on who it will affect - businesses in Hahei and people living up Lees Road
	Cooks Beach	N/A 1		No freedom camping
60		1	4	park and walk
61 62			1	This will take visitors away from the village and local businesses
			_	I think it is a great idea. Our property is opposite the car park on Pa Road and I wouldn't want to see this any bigger. The Lees Road car park will take
71		1		traffic away from Hahei at peak times. Also opens up more possibilities.
				We need to absolutely provide an alternative route to the Cove walk to ease the congestion up Grange Road - It is getting worse and becoming a safety

76	Lees Road	1		Absolutely agree with what has been proposed. Don't be put off from the small but vocal number who think they represent all from Lees Road as there are plenty of us on this road that do want this to go ahead.
	Hahei	1		For Coaches Only
	Hahei	1		Lees Road car park is the only satisfactory solution. will relieve traffic congestion at Cathedral Cove Car Park.
/9	Hahei	1		
80		1		Yes since Hahei infrastructure is at capacity / stressed during peak periods, making it unpleasant. The Lees Rd facilities will reduce the stress on Hahei.
81 82		1		
	Hahei	1		Provided Infrastructure is adequate
86		1		I agree with it although we still need to punters to come into the Village
87		1		Will provide more space for Hahei visitors not just people going to the Cathedral Cove.
88	Hahei		1	I think that Cathedral Cove is at maximum capacity already. It is no longer a pleasant experience in the peak season and making it a shorter walk, easier access is a bad idea. In the future numbers visiting this iconic sight may need to be managed.
			-	Lees Road is a quiet rural area not a tourist area. It is totally inappropriate to change this and affect the landowners when there are other solutions that
91	Lees Road		1	should be explored carefully.
92			1	New expanded parking area and village entrance seems to be working well - make Grange Road car park drop off and bus parking only.
93		1	-	
				Yes as Hahei Town has reached capacity with tourist influx. Current infrastructure in Hahei is already under stress during busy summer season. Lees Road parking will take stress off Hahei.
94		1		Yes since Hahei infrastructure is at capacity/stressed during peak periods, making it unpleasant. The Lees Road facilities will reduce the stress on Hahei.
95				Page 2 not included
96	Lees Road	1		I fully support the plan to build the car park at Lees Road and its supporting track (cycleway. It is an investment for the future of the area
	Lees Road	1		I fully support the plan to build the car park at Lees Road and its supporting track/cycleway. It is an investment for the future of the area. Best solution to relieve pressure off Hahei Village
98	Lees Road	1		Best solution to relieve pressure off Hahei Village
00	Lees Poor		1	Lees Road is a rural road which is accessed mainly by residents of farms and lifestyle blocks. Trucks etc. need to access these properties, including cattle trucks, and it does not suit being used as a tourist road with car park.
100	Lees Road	1	1	Clears up parking and road space in Hahei and around the village and beaches.
				Agree with Lees Road. Strongly object to park and display parking in Pa Road which is already over parked at turnaround with obstruction to owner
101	Uph-:	1	4	access.
102 103	Hahei	1	1	This will disadvantage permanent residents of Hahei But I strongly do not agree with Park and Display parking on Pa Road.
103		_		I would rather see the tourists in Hahei so that the businesses will survive over the quieter months. Maybe we should only use the Lees Road car park for
104			1	3 months of the year?
	Lees Road		1	Lees Road, even with the proposed sealing, it is still going to remain a narrow winding and potentially dangerous rural where cars have to slow to a crawl to pass safely with oncoming traffic. Pedestrians which will include unpredictable children adds to another layer of hazard for local residents. Having read the comments on the Lees Road car park requiring places for 500 cars which could disgorge 2000 passengers (4 per car) to walk on Lees Road for the Stella Evered Park experience, it shows even more that tar sealing of the road which will remain a two lane road, is just not adequate for so many pedestrians. Even using the proposed pedestrian walk will not accommodate the number of tourists expected.
106	Lees Road		1	Fragmentation of the big problem of accommodating visitors only because the infrastructure in Hahei is lacking. The negative is that there is and
108			1	probably in future, limited facilities for the visitors to Lees Road car park in future.
				The increased traffic will create a health and safety risk for our children who enjoy old world freedom in Hahei - the very reason we purchased a holiday
100			1	home in this township. In addition, Pa Road is narrow and the houses in Florence Place have limited parking to begin with. Additional visitors will on
109			1	exacerbate the issue.
110		1		Hahei should be taken out of the Cathedral Cove equation as much as possible. Lees Road car park and ferry from Cooks Beach or another alternate site.
				Lees Road needs to be obviously improved to cater for increased traffic. Signage to deter parking on sides of road. Bollards as necessary on large grass
111	Lees Road	1		verges. It is important that the amount of visitor traffic intrusion into the Hahei village area is minimised, and that traffic and pedestrian management is better
112		1		dealt with, (e.g. better footway between the entrance car park and Grange Road; reduced speed limit in village; pedestrian priority on shared streets; less focus on kerb and channel, tar sealing, road paint)
113			1	Hahei well established as a township to accommodate tourists - should look to improving current park and ride NOT investing in a different location.
	Hahei	1		
445	Lasa Daad			Feedback from Lees Road residents that TCDC needs to start afresh and do a proper assessment from a blank piece of paper, rather than starting with an
115	Lees Road	1	1	assumption that Lees Road is the answer. Much needed, and probably best option.
	Hahei	1		Sensible! Hahei very congested and limited parking making it more dangerous for pedestrians etc.
				Lees Road seems to be in the middle of "no mans" land. It is a long way down that road and there is "nothing there" in the way of
118 119	Hahei	1	1	shops/accommodation. We do not think it will be used. It seems a waste of resources.
119		1		Traffic needs to be moved out of Hahei a sit cannot sustain the volume it is currently catering for.
121		1		
422		1		At present Hahei cannot sustain the volume of traffic that passes through. With further growth, this will cause immense issues for Hahei.
122		1		Reducing the number of cars entering the Hahei Village is a plus but lets not just shift the problem somewhere else. It needs to be well through out to
123		1		minimise disturbance to all involved.
124		1		
125 126		1		I see this as the only short term option to relieve pressure at Hahei Village.
120		1		As long as Lees Road residents are not inconvenienced.
				Currently the incomplete Hahei car park has handled all traffic parking and further development there would meet needs for the next 5-10 years. Given
128 129		1	1	the 'busy' period covers 2-3 weeks at most in Lees Road would be pointless.
123		-		The infrastructure toilets roading etc. that are in place for visitors to visit Hahei, Hot Water Beach, Cooks Beach etc. is insufficient as it is, I feel this is not
130			1	the time to consider a walkway.
131		1		A Lees Road car park would temporarily ease the traffic congestion in Hahei but not solve it, many people using the Lees Road car park while they visit Cathedral Cove will travel into Hahei for refreshments later.
	Hahei	1		Need to keep excess traffic away from township which has few footpaths.
133	Cooks Beach	1		Seems logical considering influx of #'s and lack of space available in Hahei.
134 135		1		I can see no other way of relieving congestion at the Hahei Village for the Cathedral Cove walkers.
153		1		Not necessary. Tourists (overseas and domestic) come to Hahei, where that can buy everything, to visit Cathedral Cove, Hahei Beach, Pah Hill, so they
136			1	park at Hahei.
127	Hahei		1	Wrong place for park - not in centre of new walk at start and finish makes more sense - major infrastructure cost which will blow out especially widening and improving Lees Road
137	nanei	1	1	There are many other issues that need to be addressed that should rate as high or higher than Lees Road
		_		We do not support the proposed car parking and/or roading improvements (egg footpaths) in Lees Road as we are opposed to any further
139			1	"urbanisation" of the Hahei and Hot Water Beaches or surrounding areas
140 141			1	This is unlikely to benefit the community
171			_	Additional parking outside of Hahei will become essential within 4 to 5 years. TCDC need to lobby Government to enable DOC to introduce a visitor
				permit system. A control on visitor numbers would alleviate the need to build more car parks/toilets every 4 years. Sustainable Tourism/Environ
142		1		protection and Ratepayer consideration a WIN WIN

		1		
143 144		1		Prior to finalising a longer term plan needs to established which takes into account traffic issues in the whole of South Mercury Bay
		-		I see this as an unwarranted expense, given the short duration of congestion at Hahei central/Grange Road, over the year. Cathedral/Hot Water Beac
145 H	Hahei		1	are minor local attractions and soon will be recognised as such, not worthy of international attention.
146 H	Hahei	1		
				At present Hahei cannot sustain the volume of traffic that passes through. With further growth this will cause immense issues for Hahei
147 H	Hahei	1		With the influx of tourists to Cathedral Cove, Hahei has become congested. We need to reduce this bottle neck by providing alternative access.
				Existing car park should be completed with appropriate amenities. Barrier arms installed on beach side of car park with code access only to restrict
1.10				vehicle movements into/out of village. This will maintain tourism for current and future business owners and remove some of the problems associate
148		-	1	(traffic density, freedom camping)
	Lees Road	1		Traffic needs to be moved out of Hahei as it cannot sustain the volume it is currently catering for
150 151 H	llaha:	1		the use of a structure is the second in the state of the structure is the state structure in the state structure is the
151 1	папеі	1		It would relieve the congestion in Hahei. We don't want more and more people parking in the side streets.
				Car parking on Hahei Beach Road has become congested. The berms outside the houses over Anniversary Day and the Christmas period have meant
152		1		pedestrians walk on the road. This has become a dangerous situation for pedestrians walking to the beach with no footpath.
132		-		There is no point creating additional car parking that will add to an already overloaded amount of tourism when other services in Hahei cannot suppo
153			1	this increase.
				If this option is to work. Sign posting etc. would need to be enhanced. Much would depend on number growth. A big cost for a couple of months a
154 H	Hahei	1		year. Lees Road residents should have a big input.
				Will be good if it is well signposted, especially for tourists to ease traffic congestion in the village as new roadwork's do not allow for walking from
155 H	Hahei	1		existing car park to beach except on the road
156 H	Hahei	1		Yes but please note other comments and Cathedral Cove should remain a 'wilderness experience' i.e. a significant walk or access via water taxi
157 H	Hahei		1	Better to have extra parking at Hahei Village entrance done well, footpaths for walking, toilet
				The new car park at Hahei is adequate for 11 months of the year. It can be expanded. With the 100 acre scheme plan we will be able to add some ex
158 H	Hahei		1	land for further growth.
159			1	
160			1	Insufficient infrastructure in place to support increase in tourist numbers.
161	Lees Road	1		I believe this is the best position for a car park with plenty of room for expansion and keeping the bulk of traffic out of Hahei completely
				Basically I don't mind the idea of a park in Lees rd. It may help spread the loadhowever I am concerned that 700 extra car
				parks will completely swamp the small beach at Cathedral Cove and make it an even less pleasant experience than it is
				already. A gorgeous place over run with people at peak timeswhy not limit total numbers per day? The ratepayers end up
162 H	Hahei	1		paying a lot for this tourism expansion and have their facilities overusedwhere is the joy for them?
				The amount of traffic in Hahei in the summer has become unacceptable and the current arrangements are not giving tourists the best experience. It
163		1		not uncommon to be approached by hot and unhappy tourists looking for what way to Cathedral Cove.
				The existing/new village car park in Hahei is adequate. Quite busy from Xmas to end of January but after that the existing facility is suffice. Today (3)
164			1	January 2017) there is hardly a soul in sight.
165		1		
166		1		
1.50				Hahei is the priority. The businesses, ratepayers and residents of Hahei have carried the tourism industry in the Coromandel for many years. We nee
169 H	Hanei	4	1	TCDC support to ensure all those stakeholders have a future
170 171		1		Moving visitors away from the Hahei Village area is sensible.
1/1		1		There is already a road going to an area near the crest of the hill by the Cathedral Cove track that is for emergency vehicles access. It would keep
				congestion well way from the village which is already overflowing and at times dangerous due to people and cars using the road when it has a 50kmp
172 H	Hahei	1		speed limit.
172		1		Will help keep traffic volumes down in Hahei Village, thus maintaining its current more laid back lifestyle
174 H	Hahei		1	Hahei has enough people visiting and we are able to cope for the 12 weeks of the year without masses of car parks
175		1		
				But not necessary at the moment. Depending on whether the existing Hahei Village car park is expanded in the future, or perhaps moved to the
176 H	Hahei	1		100acres. So far this year (January 2017) the Hahei Village Entrance car park has been adequate, no real problem with parking within the village
177 H	Hahei	1		
178 H	Hahei	L		
		1		
				A long term solution is required to alleviate the significant summer congestion on Grange Road and in Hahei Village caused by people wanting to get

The current land owner in Lees Road could just apply for consent and DO IT - it would ease congestion/tempers/safety considerably. Yes this is the one way to reduce traffic flow in/out of Hahei - hopefully! No - It is upsetting that an undisclosed sum of money is being paid for "use" of the land where the new car park will be located. Yes - Why should ratepayers pay for this? Is it a one off cost? How much? Or an annual payment? How much? Was there consultation? Really? I LOVE the idea of gettit cars out of Hahei, so support it in concept. I the independent traffic reports projections for increased traffic are correct something has to be done. However the proposed site might be too far from the track to be attractive

200,000 plus visitors cannot be supported by the current set up. Nor will expanding the parking be a long term solution. This is the time to	act and
231 Hahei 1 opportunity to do so.	
232 Hahei 1 1	
233 Hahei 1	
234 1	
235 Hahei 1 Ian Carter is feathering his nest only	
236 1 1	
Needed because of the large number of tourists coming to the area. Therefore the ratepayers should not be paying. We should become far	· more 'user
237 1 pays'.	
238 1 1	
I agree with the roading improvements but not the car park as long as the costs are born by tourism businesses not ratepayers. We don't ne	eed to attrac
239 1 more people to the area, there are enough visitors now.	
This option just assumes it is okay to continue to encourage and cater for more visitors to Cathedral Cove. There needs to be some cut off p	oint of
numbers visiting Cathedral Cove and ensure sustainability. When are too many people, too much? Does anyone actually know how many a	
	ire visiting
240 Hahei 1 Cathedral Cove in peak periods - water taxi, kayaks, private boats etc. as well as those walking.	1.0
The proposal means there will be an increase the number of visitors to the area. There are already various means of access to the Cathedra	
for pedestrians. Anyone wanting to walk to Cathedral Cove can get access from the car parks. Others can gain access via the boats, canoes	etc. already
241 1 available.	
There is a compelling need to reduce grounds entering and remaining in Hahei. It is over-populating our limited resources and thereby com	promising
242 1 the natural beauty that attracts people here in the first place. This undermines the reasons residents chose this area.	Ŭ
The increased tourist influx to Hahei has already had dire consequences for residents of this one quiet village. Our wishes would appear to h	have little
243 Hahei 1 influence on the parties making decisions on our behalf	
	s and return
Yes agree as I have spoken to the water taxi operator (Hayden) and he made the comment that up to 70% of passengers want to take photo	s and return
244 Hahei 1 within 1 hour. This car park would cater for those tourists.	
245 Hahei 1 Fix Hahei	
246 Hahei 1 Get the cars out of Hahei	
247 1 We need to remove the numbers parking at start of walkway. The \$10 parking on private parking is a problem. It is blocking residents access	
This is the most logical solution to the parking problems in Hahei village. However for the parking area to function property there must also	be an
248 1 adequate ablution block, first aid kit and defibrillator.	
249 1	
251 1	
There must be toilets provided	
I think the Lees Road car park still sounds like a good idea. With the car park in Hahei looking nearly full many days it would take the pressur	e off even
further. It's hard to gauge how many of those that take the bus actually then visit Hahei Beach afterwards. If the majority are just coming to	waik lû
252 1 Cathedral Cove then Lees Road makes sense	
It appears that there is still potential for more parking at the Hahei village car park. Formal sealing and making of this car park would also fu	irther restric
253 Hahei 1 the number of parking spaces	
1)There are two groups of people affected by the present unsatisfactory situation regarding parking and access to the walking track to Cathe	edral Cove.
Tourists who, responding to the international advertising are curious to make a quick visit to Cathedral Cove, become involved in a circuitou	
unnecessary process. The hassle encountered is likely to result in unfavourable Social Media comments ultimately affecting all tourist venue	
For many a simple park and pay followed by a short walk is all that is required. The Lees Road Parking lot fits that picture and is especially fa	s and

296 297 298	Hahei Hahei	1 1 1 1 1	1	No More money should be spent on Lees Road!! The infrastructure of Hahei - Toilets, footpaths and parking need urgent addressing. By pushing more people into Cathedral Cove is very damaging. Will provide significant amount of parking, close to Cathedral Cove and not be a visual blight on our landscape. This would ease congestion in Hahei village and especially at the Cathedral Cove parking area at the beginning of the walkway in Grange Road. However I am concerned about the impact of growing numbers of people on Cathedral Cove beaches.
294 295 296 297	Hahei Hahei	1	1	people into Cathedral Cove is very damaging. Will provide significant amount of parking, close to Cathedral Cove and not be a visual blight on our landscape.
294 295 296	Hahei Hahei	1	1	people into Cathedral Cove is very damaging.
294 295	Hahei		1	people into Cathedral Cove is very damaging.
294		1		
		1		
293				numbers may limit access to our property.
		1		There is increasing pressure on car parking in Hahei. It is getting worse. As a resident with no off-street parking there is concern that increasing car

286		1		I believe this will help to ease parking congestion at Hahei beachfront car park where a lot of people park and walk to Cathedral Cove.
	Hahei		1	Not necessary. Government growing the shoulder season and current facilities can expand/handle this requirement.
283	Hahei	1		Agree with idea of keeping extra traffic out of Hahei. Plantings essential and hope there are lots of Kauri and Pohutukawa. Kiosk idea - not so sure, I already notice - tissues/serviettes on Cathedral Cove walk which I remove!
282	Lees Road		1	Lees Road is a <u>rural</u> setting. Keep it that way! Traffic can be managed in Hahei - Put the car park there, and improve services.
201				are de lex to to years, tees hour will help with this opportunity.
201	Hahei			*Increasing visitor numbers each year to Cathedral Cove will have sever parking issues for Hahei. Additional parking will be required when we look out over the next 10-20 years. Lees Road will help with this opportunity.
280	Lees Road	roading improve	1 - for parking	passes the centre of Hahei where tourist operators are seeking business
279	Hahei		1	The infrastructure should be developed at Hahei Beach rather than the outskirts Lees Road is a rural road servicing residents, plus visitors to Stella Evered Park at the Macadamia Orchard. It is not suitable for tourist parking as it by
278		1		Substantially reduce the amount of traffic entering Hahei
277	Hahei		1	This has been a knee jerk reaction to the traffic problem. The traffic should be contained around Hahei as there is already land available i.e. 100 acres
276	Hahei		1	As stage 1 lets get the parking and toilets required, set up at the village entrance to Hahei - the busiest period is over the months only
	Hahei Hahei	1	1	The intended area is too small - is the whole area - roadway in, and also with the two smaller areas presently used by Park-n-Ride
				Not Pay and Display, free parking. A well planned car park at Hahei will cope with increased visitors for many years. The car park should be 300+ spaces.
2/3	nanel		1	our lovery catheural cove has already been spolled by too much access and over promotion, we do not need yet another easy access
272	Hahei	1	1	Our lovely Cathedral Cove has already been spoiled by too much access and over promotion. We do not need yet another easy access
271	Hahei		1	
269			1	i believe current car park adjacent to The Church "once complete will be more than adequate for the foreseeable future
268	Hahei	1	1	A good plan but infrastructure needs to be in place before your proposals e.g. toilets I believe current car park adjacent to "The Church" once complete will be more than adequate for the foreseeable future
267	Hahei	1		Subject to a demand analysis showing a need exists and no detrimental impact on Hahei commercial enterprises.
265 266	Hahei	1		Hanel.
265		1		Due to the amount of vehicular traffic on Hahei Beach Road, Council needs to seriously invest in pedestrian infrastructure before adding more vehicles in Hahei.
	Hahei	1		
	Hahei		1	
261 262		1		Who pays - not us ratepayers
260		1		
259	Hahei	1		adding to this road traffic does not serve the area since it does not let off passengers. In summary, the Lees Road option is a logical solution to all of these problems. Edward Collings
				lot at the top of the road. It is important to note that any proposed increase in the size of this lot would have disastrous consequences. Taken together this traffic creates congestion around the pedestrian-populated commercial area at the junction of Grange Road and Beach Road. The shuttle bus while adding to this area the second traffic data at the second traffic dat
				the cars and camper vans that continually travel up and down Grange Road in what usually turns out to be fruitless attempts to find parking in the small
				The direction to Hahei together with an extensive list of the available amenities Visitors entering Hahei are directed to the Village Parking Lot and a for- pay shuttle bus excursion to the top of Grange Road. This creates persistent traffic on Grange Road which is heavily residential. Adding to this traffic are
				sign/billboard at the intersection of Link Road and Hahei Beach Road that should indicate: (a) The direction to the Cathedral Cove lot and pathway (b)
				strongly support the establishment of a parking lot off Lees Road and an associated walking path across to Cathedral Cove together with a large
258	Lees Road		1	projected traffic.
				vehicles and provision of essential services, to what kind of impression NZ wants to give the world. Please note that Lees Road improvements should simply comply with national and TCDC requirements for existing and
				present a world class national taonga (Cathedral Cove) to visitors. That presentation extends far beyond numbers of vehicles and provision of essential services, to what kind of impression NZ wants to give the world
				 Given the track record, there is little confidence that the parties involved in the Lees Road parking lot can suitably
				public (e.g. neighbours and Hahei overall) are substantial. The previous TCDC committed to the idea long before discussing it with the community and affected parties.
				3. Negotiations to date for the Lees Road parking lot have been much less than transparent although the effects on the
				shuttle service, one that will contribute to Hahei' s economic development. There is no need to develop a second lot on rural Lees Road that would divert trade and traffic.
				and provide for its development requirements. There is available land near Hahei's entry for parking and a well-thought out
				 Physical planning for Hahei can resolve its parking and intensive tourism problems, retain/enhance its village identity
				1. Parking at Lees Road mostly transfers a village problem to rural neighbours with little regard for the impact on their properties and lifestyle.
				No, I strongly do not agree, for the following reasons:
				Purangi x-ing, no real shuttle solutions, Lees Road impact etc.).
				3) Only transfer traffic/parking problems from Hahei to Lees Road, turning back onto potentially better options while ignoring essential issues (e.g.
				 Lees Road parking based on former mayors persistence/bias and slanted tourism business case. Ian Carters environment track record is not good.
				Strongly disagree

302	Lees Road	1	
303	Lees Road	1	To be used during peak or busy summer times. Other times continue the current car park.
304	Hahei	1	
305		1	
306			We have other areas nearer to Hahei which are better suited, and will not take people away from the commercial enterprises in Hahei. Many visitors only want to see Cathedral cove and will not be exposed to local businesses if they park elsewhere e.g. Lees Road
307			Don't want to ruin the environment with more parking - would use the shuttle if an option.
308		1	(scheme could work equally as well to take "overflow" from main road car park on "ponds parking development Hahei". Stops overloading parking on resident frontages in Hahei. Problem to be solved very obvious! We have been here in Hahei most summers for 4 years.

			Expanding	-4 your preferred solution (1 most		
edback #	Туре	New Car Park at Lees Road		A new Car park on the outskirts of Hahei Village	Another Solution	Comments
		N/A				
1	Hahei					Once Hahei village, the village entrance car park and any potential expansion to Hahei Village and outskirts have been exhausted, use Lees Road for tour buses and campervans only.
2	Hahei	Cross in box?	Cross in box			More is needing of the wastewater treatment plant - it will be unsuitable if more and more people come to park.

	Hahei	N/A				
17	Hahei					Edward Only - Attachment - Lee's Road. In regard to Lees Road the short answer is that we support the plan to put a parking lot on Lees Road because this plan is a major step in the direction of relieving traffic congestion in Hahei Village
		4	1	2	3	The Carter family should construct a road through the farm finishing near to Cathedral Cove whe
18	Lees Road					limited commercial area would be appropriate
		1	3	2	4	
	Hahei					However, this parking needs to be fully signposted implying its use is compulsory or it won't be fu utilized. Needs official signage, current makeshift PNR signage is ignored.
20	Hahei	1				
		1	2			
		1	2			With regard to expanding the existing Hahei village Entrance car park I understand this to be with
21 22	Hahei	N/A				Council-owned area. A temporary overflow area could be Kotare Reserve.
		1	2		1	
						I understand kotari reserve option has been discounted but this reserve was not fully utilised with
						even the maximum number of stalls at the Hahei Market on 5 January and as such a temporary overflow (for maybe 1-2 years) could be considered for 50-75 vehicles. Would like to see western
						side of Wigmore Stream made into a cycle/pedestrian path from pedestrian bridge past campgro to link to bridge on Wigmore Crescent to encourage use at far end of beach and reduce pressure
23 24		1				main end of beach. Better outside of town
25	Hahei	2	1	3	4	
26 27		N/A 2	1			
	Hahei	1	2			
29 30		1				Would park in a dedicated car park and then drive to town
	Hahei	1				
	Hahei	1				
34	Cooks Beach	N/A				Do locals get free parking - Cathedral Cove will always be busy.
35		1				Independence important - would pay for parking \$10 a day.
	Cooks Beach	1				For summer months - no parking fees for residents
38	Hahei	1	2			
39		1 See other	2			Prefer to park and walks
40	Hahei	comments				
41		1				Buys use needed, need Lees Road plus additional buses.
		1	2			
	Cooks Beach					Christine Only. I Support both ideas and believe there is place for a shuttle as well. Bus service to be reasonably priced and regular. A 2 day freedom pass is exactly what the Coromandel need

43 Cooks Beach	1				Not convenient enough, want to park and walk.
44 Cooks Beach	2	1			
	2	1			Look at the intersection of Hahei Rd and Lees Road - maybe a round a bout
					More people into Hahei is good. Hahei needs an expanded commercial area.
45 Lees Road 46	1				Need toilet facilities prefer to be able to walk and park.
40	1				
		1			
47 Cooks Beach		_			Support the town and have parking at the village good for business. Yes pay for parking at Pa Road - good, but discount for locals.
					Bood, but discount for focula.
40		1			
48 49 Cooks Beach	1				Walking a long distance would put me off. Like concept of park and ride from the village.
50	1				
51 52 Cooks Beach	1				Park and walk a better idea.
53 Hahei	1				
	N/ A				A Lot of tourists don't want to spend money on a shuttle. Shuttle too expensive at \$59. would pay
54	N/A				for parking, most tourists happy to walk from Hahei. Pay for parking, would want to split charging for shuttle.
55	1				Rather park a distance and walk - fact that it's a farm it doesn't matter.
56 Cooks Beach	1				Support park and walk not shuttle.
57 Cooks Beach	1				Outside the village - Bus up not ideal
58	N/A				
59 Cooks Beach 60	1	2			
61		1			
62		1			
	1	4	2	3	
71					Everest Park option looks ok if a walk would get to Cathedral Cove, Upgrading all of Lee's Road not such a bad thing. And the Park (Everest) could benefit.
72 Hahei	1	2	3		Such a sud thing. And the Fank (Everest) could benefit.
76 Lees Road	N/A

110			2	2		
119		1	3	2		
		1	2	2		
		1	3	2		A long term solution needs to be considered that would include servicing Hot Water Beach as well as
120						Hahei / Cathedral Cove
121		1	3	2		
		1	3	2		
						2. I believe a solution further out that would include Hot Water Beach as well as servicing Hahei /
122 123		1	3	2		Cathedral Cove will be necessary for the future.
125						Costal visitors numbers to Cathedral Cove - it's a Magical place to many people (remaining words
124		1	4	4	1	unreadable)
125		1	3	2		
		1	2	3	4	If existing parking at village entrance cannot be expanded then option 3 should be developed instead
126						of option 2.
127		2	1	3		
			This box ticked -			
			"include toilets"	Tick in box		Parking capability as current meets needs and with increased area will into the future. Cathedral
						Cove is only part of the attraction, the beach and shops offer the full package - the reason they come
128						to Hahei.
129		1	4	2	3	
		~				
		2	1	x		
						2. Very reluctant 2nd choice if insufficient support for 1 and status quo (existing village entrance car
						park) considered untenable. We are totally opposed to any formal car parking "solutions" between
						existing car park and beach including side streets (Harsant Donavan Aves etc.) We do not want either
130						angle parking or Pay in Display anywhere in Hahei Village area.
		2	1	3	4	
						Projecting traffic volumes 5 years ahead is short sighted. TCDC should be planning 10-15 years ahead,
131						when visitor volumes will have doubled. Nothing in the various reports recognise the impact on Hahei of this.
	Hahei	1	2	3		
133		1	2	3		
		1	2	3	4	
		1	2	3	4	Option 2: Need to prevent illegal overnight campers using this or any other sizeable new car park.
134						There is a camping ground at Hahei ad another at HW Beach.
135		1	3	2		
		4	1	2	3	
			_	_	-	The current car park at Hahei Village entrance requires public toilets-permanent. Create pay and
136						display parking at the existing car park (expand it if necessary)
			"works well"			The existing entrance car park and ride works well and has further capacity. A footpath a long Hahei
137	Hahei					Road is essential.
138		1	3	2	4	
139						Non of these are appropriate now. No other area need to be considered at this moment in time.
135		1	2	3	4	
		4	1	3	2	
141						Parking at the beachfront and in the central shopping area needs improvement
		2	4	3	1	
						Investigate feasibility of a Park and Ride to service both Hot Water Beach and Cath Cove. Consider
142 143		1	3	2		areas between Dalmeny Cnr and Link Road.
143		1	3	Z		
		1	3	4	2	
144						How about Park and Ride from Dalmeny corner to service Hot Water Beach and Cathedral Cove
145	Hahei	3	1	4	2	Leave the parking as it is.
		1	2	3		
						When planning for growth in tourism numbers/Hahei population please plan ahead e.g semi
	Hahei					industrial should be away from Hahei Village shops.

			-			Allow freedom campers to stay in expanded Hahei Village car park. If toilet facilities are expanded,
165						allow them to use.
		1	3	2	4	
100						Car park on Link Road with shuttle over Dec/Jan to both Hahei/Cathedral Cove and Hot Water Beach
166						Car park on Link Road with shuttle over Dec/Jan to both Hanel/Cathedral Cove and Hot water Beach
		3	1	2	4	
						Suggestion. Once Hahei Village, the Village Entrance Car park and any potential expansion to Hahei
169	Hahei					Village and outskirts have been exhausted, Use Lees Road for Tour Buses and Campervans ONLY.
		Tick in box				
170						Attachment - Text. Grange Road should be drop off only.
171		1	2	3		
	Hahei	1	2	3	4	We don't have fact sheet #12
173	Hahei	1	2	4		No to all of the should
174		<u>1</u> 2	2	3	4	No to all of the above
175		2	5	Ĩ		
		2	1	3	4	
		-	-	-		
						An opportunity was missed, with the recent sale of a small property on the corner of Link Road/Hot
						Water Beach road. This would have been ideal as a central car park and information centre for Hahei,
176	Hahei					Cathedral Cove, Hot Water Beach, Ferry Landing, Cooks Beach, Shakespeare Cliff - the whole area!!
		1	2	3		
						Grange Road (top of the hill) car park should be pay and display and the existing village entrance car
	Hahei					park must remain free of charge so as to encourage visitors to park there
	Hahei	1	2	3	4	
179		1	2	3		
		1	2	4	3	
		-	-			Hot Water Beach and Cathedral Cove - visitors to these areas be provided with another car park on
180						the outskirts e.g. prior to H.W beach turn off - and a park and ride service
181		1	2			
182		1	2	3		
		1				
	Hahei		2	2		Fact sheet #12 could not be located on the TCDC website
184		1	2	3		

185	Hahei	3	4	1		Lets get this Hahei infrastructure right first, put a sustainable plan in place, then work through that with the future in mind. A Lees Road car park is in there somewhere, but not right now. Five years maybe? Abandon "The Walk" and manage what is on our plate right now.
186		4	4	4		
187	Hahei	1	2	3		
188	Hahei	1	2	3	4	Grange Road car park should be drop off
189		Tick in box				
190	Lees Road	2	1	3	No	Existing car park and Lees Road working together provides a double access for visitors

193		1	3	2	4	

194	Hahei		3 - and make Hahei a "working only" village from Boxing Day through to Waitangi Weekend	4 - even further out with nice walkways into town (and up to Cathedral Cove, which already exists)	1 - make Hahei a "walking only" village (excluding residents and rubbish/recycle/postal/fire/poli ce/boat/tractors) parking for visitors all out of town!!	
194		1	3	2	4	owner ()
		1	2	3		
196						A daily limit on visitors to cathedral Cove may need to be considered
197	Hahei	4	1 3	2		
	Hahei	1	1	4		
	Hahei Hahei	4	1	2		have worked the park and ride since its inception when the Hahei Beach Ratepayers Association ran it voluntarily with funding from TCDC and WRC for the bus. I worked in the car park last year 2015/16 and this year 2016/17 as a paid employee of TCDC. If you were to take the funding you have been given for Lees Rd and put it into the Hahei Entrance car park you would have a winner. It could be a real stunning entrance with the right planting and signage.
201		1	2	3		
202		1	3	2	4	
	Hahei	Tick in box				
205	Hahei	1	4			
206	Hahei	3	2	1	4	Too complex an issue to number properly like this. 100 acres needs to be part of the mix. A whole big picture needs to be considered for the village - congestion, parking, toilets water etc. etc.
207	Hahei	1	NO	NO	?	No solution which drives buses through town are desirable. This traffic destroys the town, the charm of which would be destroyed by hundreds/thousands of additional people and cars.
207		1	2	3		
	Hahei	Tick in box				
210	Hahei	4	1	2	3	
211	Hahei					1 - 4 none of these are practical at the present time. There has to be a lot more thought given to the whole project.
		Cross in box?	Cross in box			More is needing of the wastewater treatment plant - it will be unsuitable if more and more people
212	Hahei	1	2	3	4	come to park.
213		1	2	3		Where? Will there be a shuttle bus?

		3	4	1	2	
215 Ha	ahei					I support that an entrance/gateway to the area is set up in Whenuakite where tourists may access an information centre, campground, ######, park and ride to loop the Hot water Beach, Hahei, Purangi/Cooks Beach/Ferry Landing. A petrol station could be situated there too and the park and ride concession extended from Hahei to Whenuakite.
216 Ha	ahei	1	1	4	4	Both car parks are needed, the beach, kayakers and general visitors need somewhere to park as well. And water taxi travellers.
217 Ha	ahei	1	4	4	4	We strongly do not support expanding the Hahei village entrance car park. The same goes for a new car park on the outskirts.
218		1	2	3		New car park would be good if further out.
219 Ha	ahei

	257 Hah	hei					וטועוטומוח the car parking into two areas, 2kms apart would be confusing.

	Lees Road Hahei	N/A				No, I strongly do not agree, for the following reasons: 1. Parking at Lees Road mostly transfers a village problem to rural neighbours with little regard for the impact on their properties and lifestyle. 2. Physical planning for Hahei can resolve its parking and intensive tourism problems, retain/enhance its village identity and provide for its development requirements. There is available land near Hahei' s entry for parking and a well-thought out shutle service, one that will contribute to Hahei' s economic development. There is no need to develop a second lot on rural Lees Road that would divert trade and traffic. 3. Negotiations to date for the Lees Road parking lot have been much less than transparent although the effects on the public (e.g. neighbours and Hahei overall) are substantial. The previous TCDC committed to the idea long before discussing it with the community and affected parties. 4. Given the track record, there is little confidence that the parties involved in the Lees Road parking lot can suitably present a world class national taonga (Cathedral Cove) to visitors. That presentation extends far beyond numbers of vehicles and provision of essential services, to what kind of impression NZ wants to give the world. Please note that Lees Road improvements should simply comply with national and TCDC requirements for existing and projected traffic. Sao Sumort Lees Road Comments

209	Hahei		1	
				Overall, I don't see a huge benefit for the entire community if the Lees Road car park goes ahead. It will benefit only those who don't want change and take away
	Hahei			from business in the community.

		1		Encourage people to walk to Cathedral Cove, as many do already from the beach and the village centre. Do we really need a bus service - the more you provide the
239		_		more people want and the lazier people become.
	Hahei		1	
241			1	We have been regular visitors since 1976
242			1	We were enlightened by Council presentation at Hahei - appreciated
	Hahei		1	Pay and display must include the entire village with residents ratepayers allowed a set quota.
	Hahei	1		Ian Carters proposal to be made public.

252			1	I have given feedback in the past and will in the future when required
			1	Considering year-round use of the Hahei car park only really involves 6-8 real weeks of the year, I believe it is very difficult for Council to justify the costs involved in
	Hahei		-	building the Lees Road Car park for such limited use. Spend the money in Hahei and get it right first time.

Could consider a park and ride shuttle to the beach to eliminate the congestion in the busy holiday period (use a small van - not a large bus) See other comments Would like to comment on signage. Rules of Cathedral Cove walkway are not obvious enough and big enough. I have seen people walk with dogs on leashes on the walk and have spoken to them. They missed the signs! I had to go back and find them to re-acquaint myself with the rules. Signage is too small. Also we dislike all

The recent road works on Hahei Beach Road, widening it has left the Church side (RHS facing beach) very hard to walk along. Often people have to walk on road itself to navigate this section. Has been left steep, rough and stony. Needs a proper footpath on this side. Heaps of foot traffic on summer days. Could consider a park and ride shuttle to the beach to eliminate the congestion in the busy holiday period (use a small van - not a large bus) See other comments Would like to comment on signage. Rules of Cathedral Cove walkway are not obvious enough and big enough. I have seen people walk with dogs on leashes on the walk and have spoken to them. They missed the signs! I had to go back and find them to re-acquaint myself with the rules. Signage is too small. Also we dislike all

			Question 4:	TCDC provides a n					to what you think TCDC should make its top p (1) lowest priority (7)	riority to
		Traffic Management and Car Parking	Improved tourist facilities such as walking tracks,	Wastewater Improvements	Drinking Water Quality	River/Stream Quality	Zoning	Other		
Feedback #	Туре	1	toilets, marketing	In area of Benefit	4	3	5		Comment	#1 reasons Existing facilities totally inadequate. Footpaths kerb and channelling. The tourists and local walk on the read. (Habei Booch Bood and Harsont Ave and the
1	Hahei	Ĩ	1	already	4	1	1			tourists and local walk on the roads (Hahei Beach Road and Harsant Ave and th Motor Camp
2	Hahei		1			1	1		The Wigmore stream needs a good clean up.	Stream in Wigmore Cres
3	Hahei	1	5	4	3	2	6			Because traffic has been a problem at beach front, and made worse by the water taxi. So no more commercial operator on our beach please we locals are between the kayaks and water taxi, the kayaks have expanded a lot.
	Hahei	3	1	4	6	2	5			Because tourism is the main source of capital and employment in much of the Coromandel.
5	Lees Road	1	1	1	1	1	1			Tourists are already coming in big numbers but facilities haven't kept up. Can't stop people coming but facilities need improving. The new parking area needs
6	Hahei	2	1	5	6	3	4			an ablution block and one will be needed at Lees Road. A toilet facility will also be needed on the blowhole track.
7	Hahei	5	4	2	1	3	6		No more beach commercial operators e.g.	Drinking water quality has the greatest effect on my health and well being
8		5	6	4	3	2	1		taxi, Kayak should meter parking on beach front	Concern for expansion of residential on water/waste/roading Public health should be #1 concern everywhere in NZ.
9	Hahei	1	4	2	3	3	5	1		By laws are required to solve unique problems for 80 Grange road and neighbours. The all to often chaos of illegal parking on road reserve area that
10	Hahei			2	7	2	6	F		provides access to our properties.
11		1	1	2	7	3	6	5	Permanent signage for easing street parking particularly patricia place and grange road.	Congestion and inability of residents ease of access for trucks / rubbish collection trucks and boat transport. I have three concerns 1) Completion of lookout path across from 1093 Purangi
12	Cooks Beach	4	2	6	3	5	7	1		Rd 2) Proper Permanent solution to Flaxmill Bay erosion 3) Replacement of shakespear lookout sign with correct spelling Please!
									3(a) Civil Defence evacuation plan - the TCDC	
		5	2	7	1	4	6	3	is negligent in my view for continuing to provide only ONE ENTRY/EXIT ROAD in Cooks	
13	Cooks Beach								Beach. 3(b)Coastal Dune erosion - a big issue and concern to all at Cooks Beach. Council have not resolved this issue in our bay yet.	Safe, pure drinking water is an essential component for survival for all living being so has to be #1. It's the only live or die service.
	Cooks Beach	4	2	6	3	5	7	1	Better maintenance of the existing walkways and vegetation	There are times and conditions along our pathways appear untidy and unkemp
15	Cooks Beach	2	3	5	4	1				Kiwi way of life to swim and drink in streams; need to prevent run off sediment and cow poo! Important for residents/visitors that receiving environment is
16	Hahei	4	5	2	3	1	6			maintained/improved with regards to water quality. The life of the town depends on it. 2 and 3 result from 1.
	Hahei Lees Road	1	3	6	4	2	5	7		Solving this will relieve local tension and make sensible discussion about everything else more likely Long overdue essential top priority
18	Lees Road	1	4	3	2	1	3	/		I think stream quality issue equals the parking one. I live and work here year
	Hahei Hahei	2	7	1	2	1	5			round. Its horrible during the peak. Our stream is polluted and it's a disgrace. Really
		1	3	5	6	3	2			The speed that tractors travel alongside Wigmore stream combined with the number of families at the stream mouth is of concern. Also the number of
21									I would like a discussion on what constitutes	vehicles on the beach <u>not</u> towing trailers increases the risk of an accident.
22	Hahei	1	1	2	7	2	3	5	"improved tourist facilities". Most tourists don't highly use walking tracks apart from Cathedral Cove.	Tourists need to be spread outside of Hahei. Hahei traffic is at breaking point over summer. Not helped by freedom camping in car parks.
23		1	3	5	6	3	2			Traffic management of tractors on the Beach is severely lacking. Current speeds of most (except for the two or three) are well in excess of the 10 sign indicated on the board located at the tractor entry point on Wigmore Crescent. If this beach access is to be an alternative great walks access major monitoring is required. Tractor speed through the dry loose sand is dangerously close to families playing at the mouth of the creed and with high tide, families are at a maximum, width of available beach at a minimum. in addition, there are a number of vehicles/tractors on the beach simply carting beach great (no watercraft) to the beach. I would recommend that regulatory speed limit signs be installed (1 think years ago these was one on Wigmore Cres) on every location for vehicles to the beach with bigger signs indicating what vehicles are permitted. The TCDC need to monitor and fine those speeding illegally on the beach. Drivers will protest they need to speed to get through the loose sand - ether they get a 4wd tractor, as smaller boat or launch at Purangi. Speeds should be safe (to match the 10 recommended speed on the board).
25 26	Hahei	4	5 1	3 6	1 4	2 3	6 5	7 7		Getting to busy on roads, dangerous for walking to the beach.
27 28 29	Hahei	1	2	5	3	1	6			All important but mostly stream water quality
30 31		2	1 1	5	4	2	0			Traffic Management needed with all the tourists
33	Hahei Hahei Cooks Beach	1	2							
34		4	5	3	6	1	2			Invest in things that benefit the ratepayers as a priority - swimming in stream
37	Cooks Beach Hahei	1	2	5	3	4	6			important.
38		1 N/A				1			give locals what they need - need enough parking for tourists.	One way bridges are an issue in Tairua
41			1							Need to be tourist friendly
43	Cooks Beach Cooks Beach Cooks Beach	N/a 1	1						Christine Only	freedom campers should use the camp ground.
45	Lees Road									All a priority - cant do one without the other - all a priority. All independent.
46 47	Cooks Beach	1		3	4	1	2			Came to the (No Suggestions) for the beaches.
48 49	Cooks Beach	1								Most things work well, New pontoon at boat ramp at cooks beach working wel Car parking improvements
50 51			1 1 1							More toilets
53 54	Hahei	N/a	1		2					Freedom camping is an issues.
55 56	Cooks Beach		1		1					
58	Cooks Beach	1 1 2	1	5	3	4	6			
60			1							
61		4	5	2		3	1			There is scope for residential development in Hahei and the need for this has been present for many years. The desire by a core group of residents to keep Hahei exclusive is not reason enough to stall much needed development.
62		5	4	2	3		1			Hahei is a developing community and there is a need for more residential properties. Cars should not be allowed on the beach - a danger to Children!

71		5	1	6	4	2	3			Such a beautiful part of the world, raise walks is a great idea, Walk to hot water beach.
		1	3	2	6	4	5			do put my comments about people not talking the park in ride option as their
72	Hahei	_	-	_	-		-			first choice. Tourist are coming no matter what we do or don't do. Lets make it a better
-		2	1	6	5	3	4	7		setup for both the locals and tourists which in turn will help protect the
/6	Lees Road	5	2	3	1	4	6			environment and all that makes this place so special The water is high in minerals that form unsightly build up on showers etc. and
77	Hahei	5	2	3	-	4	0		Decent public Toilets	tastes disgusting
		2	1	5	4	6	3		Clear growth on the corner of Grange Road at	
78	Hahei								the top of the rise passed the Tutaritari going up. People pass here to access Tutari Reserve.	It's the biggest problem
		1	2	3	5	6	4			1 & 2 GO HAND IN HAND. Hahei is a tourist destination so we need to provide
79	Hahei									the facilities to cope with increased numbers. Traffic management - to find solutions to avoid additional traffic stress on
		5	6	1	3	2	4	7		Hahei. To prevent the over development of Hahei and to prevent high-rises
80		2	1	6	5	4	3	7	Retain Hahei natural beauty	being built 1 & 2 GO HAND IN HAND. Hahei is a tourist destination so we need to provide
81 82		5	7	2	1	4	7	7		the facilities to cope with increased numbers. Our water quality as that is what attracts the tourists after all.
83	Hahei	2	4	1	3	5	6	,		About time sewerage was taken off septic tanks.
86 87		1	2 6	3	5	2	4	7		Because it's a bottleneck at the busy season Important to avoid clogging up in Hahei and Grange Road
	Hahei		-							I think all these issues need to be addressed and can't prioritise
		2		-	2				The proviso about No 1 is that I don't believe we should be marketing to encourage more	
01	Loos Dood	2	1 with a proviso	5	3	4	6		-	The number of toilets for the existing number of tourists is woefully insufficient
91	Lees Road	Page 3 not included							cope.	which encourages/necessitates defecating in other areas, e.g. the sand dunes.
93		1	2			3	4			With increased tourism traffic and parking and infrastructure top priority
93										with increased tourism tranc and parking and infrastructure top priority
		5	7 &6	3&1	4&3	2	1&4	6		Avoiding over-development and detracting from the beauty and accessibility of this area. No high rises or mass housing developments. Traffic management - to
		5	7 00	301	40.5	2	10(4	0	Improve services for residents - libraries,	this area. No high rises or mass housing developments. Traffic management - to find solutions to avoid additional traffic stress on Hahei. To prevent the over
94									parks etc. Retain Hahei natural beauty.	development of Hahei and to prevent high-rises being built. Increased road traffic has impacted on Hahei during summer months. Needs to
95		1	3	5	6	4	2			be managed properly.
96	Lees Road	2	3	5	4	1	6	7		River and stream quality is paramount because all life stems from water.
		1	2	5	3	4	6			
97	Lees Road								Car parking definitely needs addressing and	Car parking definitely needs addressing and Lees Road is an excellent solution.
98	Lees Road	1	2	5	3	4	6		Lees Road is an excellent solution.	Low totally and at the Device the test of test of the test of
		1	3	5	4	2	6			I am totally against Lees Road car park but believe more parking and public transport is needed to take people from car park through Hahei to Cathedral
99 100	Lees Road	1	6	3	4	2	5	7		Cove.
100		4	6	1	2	3	5	/		Priority should be on locals and non resident ratepayers.
102 103	Hahei	4 4	6	1	3	2	5 5			When flooding occurs sewage leaks into stream Septic overflows should be avoided.
103		4	0	1	2	3	5			We definitely need more signage and the Grange Road car park. Letting people
104		1	2	5	6	3	4			know there are toilets in the car park and at the Cove. This needs to be in many languages.
104		3	1	5	2	4	6			With such overcrowding during peak times, people urinate and defecate in
105	Lees Road								No more marketing until vastly improved	residents properties. Not nearly enough toilets for the number of tourists coming now. Certainly can
106	Lees Road	3	1	2	4	5	6	Cross	infrastructure is in place	cope with more tourists.
		1	2	3	4	5	6	7		It is an obvious problem in a small village with limited roading. There has to be solution or a New Zealand treasure will be compromised due to lack of
108		-								foresight.
109		7	7	1	7	2	7	7	Reconsidering the water taxi licence as it	The septic tank system cannot cope with current requirements.
110		1	6	3	4	5	2		currently is (see previous comments)	
111	Lees Road	1	2							We have tourists coming to our home in Lees Road looking for Cathedral Cove.
		3	5	2	6	1	4	7		The Wigmore stream is disgusting - needs clean-up and protection. Need to avoid septic tank leakage into stream, and protect its catchment from
112		5	5	2	0	1	4	,		ruminants.
									Need better sign posting of toilet facilities at entrance and at the Cove - SO MUCH crap	
		6	3	1	4	5	2		(literally) in the bushes. Need more rubbish	
113									bins.	If you want more people visiting our village you first must supply parking. Some
114		1	4	3	5	2	6			visitors don't care where they park.
115	Lees Road	1	2	6	4	5	3			There are currently no public facilities available at Cathedral Cove - Coromanel'
116		2	1	5	5	4	3			jewel.
		1	4	6	5	2	3			Too busy!! In small Hahei and around garage/dairy and Grange Road corner -
	Hahei Hahei	4	4	3	2	1	6		Cannot do 1 without the other.	mayhem!! Lots of cars park now in our street - Cathedral Court!
118		1	4	4	5	2	3			The need to reduce traffic in Hahei during peak times
120		1	6	5	4	2	3			Hahei cannot cater for the volume of traffic it currently has, so will have a greater problem with future growth
120		1	5	3	2	4	6			
122		1	6	4	3	2	5			Traffic and Parking is already a problem at Hahei during peak times. Growing tourist numbers will continue to provide more issues.
123		1	5	3	2	4	6			There are far too many cars around the very small town of Hahei
124 125		2 4	7	1	2	1 3	7 6			Protect the environment To allow us to safely swim in rivers and streams (not just beach)
126 127		1 6	3	4	6	2	5			Obvious if you visit Hahei Village in summer
127		6	1	2	4	5	6	7	Given the number of visitors the number of	Provide options too to current residents on septic tanks to join scheme with
128		5	1	2	4	5	0	/	toilets are woeful.	national payment options.
		1	2	3	6	4	5	7		The issue is at breaking point in peak months. Other issues are not esp. as many
129 130										residents provide for their own drinking and wastewater. All of the above are of equal importance.
150										
		1	2	5	6	3	4	7	The two streams crossing Hahei Beach are unsafe for swimming, but visitors don't know	
									this and continue to let their children play in	The increasing visitor numbers will eventually kill Hahei as a holiday destination
									them. So much for 100% clean NZ. Footpaths - very dangerous Wigmore Cres/Pa	unless they are checked.
131						3	6	4	Road corner - cars going around this corner and no where to walk.	Need urgently proper sewerage for every property. This needs to be a Council
		5	7	1	2				and no where to walk.

Expand, if necessary, the car park at the entrance of Hahei, provide toilets ther: Create the car park at the start of Cathedral Cove walkway a drop off/pick up only for all times of the year.

139	Lees Road			1=	1=	1=			We have not answered above fully as we wish to see Haheis village atmosphere and natural charm retained at all costs. We believe that most ratepayers and visitors are attracted to the area by its natural unspoiled beauty and will put up with some inconvenience to retain this natural character.	We think tourist attractions in Hahei and Hot Water Beaches should not be developed further except for upgrading existing toilet facilities. Otherwise TCDC should concentrate on normal Council service provision
140	Lees Road	1	3	5	2	4	6	7	Property end Wigmore - people constantly parking in front of driveways and front lawns along the whole of Wigmore Cres!!!	
141		1	2	*	*	3	?		*We are on rain/tank water and septic tank which is more than adequate for our needs	
142		2	7	1	3	1	6	1	Hot Water Beach and Cath Cove are established over promoted destinations. Do we really need more attractions? Is this the majority of Ratepayers best interest.	Need to address the long outstanding Waste water issues and protect the environment for future generations.
143		2	5	1=	3	1=	4		Shortage of water at peak, no fire fighting	
144		2	7	1	6	1	6	7	water reserve and yet every year tourist no's increase using our water/toilets	The threat and impact on our Environment needs to be addressed both TCDC and WRC need to take responsibility
145	Hahei	6	1	4	5	3	2	7		Ample serviced toilets, and information/maps would reduce the nuisance factor of visitors. Hahei has the finest reputation for tranquillity and natural beauty - we want
 146	Hahei	1	3	5	6	2	4			everyone to share and appreciate this, not be overrun with campervans/buses in residential streets.
147	Hahei	3	5	1	6	4	7	2	Reducing traffic speeds in the village and Harsant Ave as it is dangerous for children	
148		1	2	3	4	5	6	7		Has the biggest impact on all within the village. Goes in hand with growth of tourism in the area. Vehicle congestion in Hahei for Cathedral Cove visit is now bad over summer
149 150	Lees Road	3	2	1	5	6 4	3	/		and will rapidly worsen with more tourists. Increase in tourist numbers must be catered for
151	Hahei	1	2 (with toilets underlined)	3		2	7	1	More seats on grass above beach area - like the new you have already installed. More steps to beach, people are destroying the banks. Many more rubbish bins. Rubbish overflows and floods everywhere.	
152		4	5	1	3	2	6	7	Wigmore stream is a filthy embarrassing polluted eyesore for a clean green tourist attraction as Hahei is.	Septic tanks on Pa Road etc. are mostly 40 year old failing systems, draining into Wigmore stream
153		2	7 6	4	3	2	3		The water supply to the village in general is not adequate for the increased numbers	Off leach dogs areas The village has never been planned from the outset it has grown in bits over the
	Hahei Hahei		Tick in box	Tick in box		Tick in box			using the facilities. The toilet block on the beachfront is old and inadequate. Another toilet block at the other end of the beach would be advantageous	years.
 156	Hahei	1	2	6	5	3	4		This is simply the most immediate need over the Xmas period. Difficult to number as one impacts on	Primary responsibility of Council to provide safe water for drinking to its
	Hahei Hahei	1	6	2	1	5	3 5		another	ratepayers. We are the hub of the Cathedral Cove walk. Without adequate parking there has been problems for the tourists visiting.
158	nallel	3	2	4	6	1	5			See Other Comments Rivers are polluted with sewerage at times of high rainfall and from overflow
160		1	2	4	0	3	5		We are on own water supply and wastewater disposal. The rest don't affect us on Lees	from treatment plant. Further development of Hahei will make this worse.
	Lees Road Hahei	1	3	5	2	4	6	7	Road	The traffic around the Cove parking is a shambles at the present time. Building the Lees Road park will help these issues.
163		1	4	5	2	6	3		Cycle tracks between centres to make cycling safer	Because the situation with regard to summer traffic levels in Hahei has been unsatisfactory for some years and needs resolving now.
164 165		2	1	4	5	6	3			Public toilet facilities in Hahei are stretched to the maximum Xmas-end of January. Temporary facilities in the 'new car park' didn't happen
 166		2	3	6	4	5	1			
169	Hahei	3	5	1	6	2	4		Email Only Text only. The Wigmore stream needs a good	Hadley Dryden's marketing of the Coromandel should be rewarded, we need to get our facilities improved and care for our environment before more marketing takes place. Our environment needs to come first. If we lose out natural assets and health of out people declines, then there will be no Village or tourists.

	Hahei	4	5	1	6	3	2		Reticulated sewerage for all of Hahei. Serious problems occur on a regular basis	Wastewater and reticulation, a basic to a healthy environment
173 174 175	Hahei	1	3	6	5	2	4			Need to keep visitor parking out of Pa Road
176	Hahei	3	5	2	7	1	4		Above all else we need to focus on keeping	
	Hahei	1	2	4	5	3	6		NZ beautiful	To get more tourist into the area the management of traffic is the most
178 179 180	Hahei	2 6	1 4	6 1	7 2	4	3	5		important along with car parking. The horse must go before the cart. We have no sewerage in 1/2 the village
181		2	1	2	-	7				Lack of toilets leading to large queue
182	Habei	2	2	3	7	7	4			At present cars are parking on road verges and in reserves. The road parking where there are no footpaths makes walking very dangerous i.e. Pa Road. Our environment must be the priority. We need to protect this for our reservation, the next generation and beyond
183	Hahei	5	6	3		3	1		Why do we have to be concerned about moving visitors around better? Make sure all visitors know they have to walk before they get to Hahei. There should be no costs incurred as an extra charge on ratepayers.	generation, the next generation and beyond. Hahei is a village first and foremost, it is a unique place. Great care and consultation must be taken with any further development to Hahei. Do not overstate the importance of tourism.
185	Hahei	1	6	5	7	4	3	2	Take care of the needs of ratepayers and our environment before spending on visitors definitely no more marketing but yes we need more toilets, shuttles, seats on beachfront et for visitors and locals	Current situation is pretty chaotic on busy days and will only get worse as visitor numbers grow even without the walkway. Cathedral Cove will always be the main attraction. Traffic management and car parking are presently essential to ensure a quality.
186		1	6	4	2	3	5	7	Further commercial use must cease on	Traffic management and car parking are presently essential to ensure a quality experience
	Hahei Hahei	1	5	2	3	4	6 2		conservation principles as noted above	To reduce crowds compromising the natural character of the area. The inconvenience and disruption to our once quiet village.
189 190	Lees Road	1	5	4	6	3	2 4		concentrate on Whitianga to take the numbers/growth	At present the area for a period of two months has become packed. There has been a number of incidences where children could have been hit by cars. It is time TCDC spent money on local infrastructure and not tourism.
191				3	1	2		4	We need much more toilets as areas where they should be are being fouled.	Most important

			1							
192	Hahei	4	5	1	6	2	3			Priorities 1 & 2 should be read together. I believe the health and safety of Wigmore Stream to be paramount, and this could be greatly enhanced by removing all septic tanks from residences that back onto stream.
193		4	2	3	5	1				People visit because of it It's very hard to recover when quality has been lost.
194	Hahei	1	5	4	2	3	6			Traffic entering and parking is destroying the whole reason for coming here. Traffic is chaotic now and will only get worse even without a walkway. You mus
195		1	6	5	4	3	2	7	We need more toilets, shuttles etc. but no more marketing at all. No more people please!	deal with current problems and other tourist infrastructure before even considering further walkways or attractions. Any current solutions must also allow for natural growth in numbers that will occur in next 10 years, not just the current numbers.
106		1	5	4	3	2	7		Because our property is in Hahei where traffic	
196		4	7	1	6	2	3		threatens to ruin a beautiful environment. 1 and 2 combined as stream pollution and low-lying land contamination from sewage systems has had no active remedial action even after a few reports, on of which has	
197 198	Hahei	1	2			3	4		resulted in any action.	
	Hahei Hahei	1	1	1		3	2			These three (traffic management, waste water and improved tourist facilities) a go hand in hand, therefore are all equally important Tourism is increasing man in the area rely on it. Number of "day trippers" is alarming in the holiday seaso They either go to the beach or up to the Cove. The strain on facilities is huge. Toilets will stop people e using the bush. Over summer these are the most important
	Hahei	1	4	3	6	2	5			The management of traffic need to be extended throughout summer not just for 6 weeks.
201		2	6	5	4	3	1			o weeks.
203 204	Hahei	4	5	1	6	2	3			Priorities 1 and 2 should be read together. I believe the health and safety of Wigmore stream to paramount, and this could be greatly enhanced by removin all septic tanks from residence that back onto stream.
205	Hahei			-			2	2		We need more toilets, shuttles etc. but no more marketing at all. No more
206	Hahei	1	6	5	7	4	3	2	Signage everywhere and it is actually unsafe	people please!
207	Hahei	7	3	2	6	4	5	1	to a large % of tourists visiting our area and distracted by them.	Please control signage which is now out of control and on both sides of the road.
208 209	Hahei	1 Tick in box	5 Tick in box	6 Tick in box	7	2	4	3	Shambolic state of roadsides in Hahei. Urgent need to repair hazardous road edges of Pa Road southern end and Margaret Place.	Because the very ## that 'make" Hahei are being degraded by too many tourists And this will get worse with increasing tourist numbers. Traffic management ha been instituted only in one area - Grange Road - thereby shifting the problem elsewhere - particularly onto Hahei Beach Road which urgently needs traffic management (see other comments). The streams are polluted by human and agricultural activities. Need to have better traffic control now and in future
210	Hahei	1	2	5	6	3	4			The Lees Road will disperse traffic but majority of cars will still come into Hahei to see the beach and café.
	Hahei	1	6	5	4	1	2		Over the summer 2(tourist facilities) top	Because of contamination. But all are significant
212	Hahei	1	7	1	1	1	6		priority.	Hahei can not hold much more. Traffic and car parking impacting on ratepayers way of life, Cathedral Cove and
213		1	6	2	3	5	4			Hot Water Beach are a shambles.
214		1	2	4		3			Vehicle crossing from streets to residential section e.g. Dawn Ave. Car park on the berms in front of entrances to sections. They are all top priority and are not mutually	
215	Hahei							tick	exclusive when determining a long term vision.	
216	Hahei	5	2	4	6	3	1			Because without some allowance for commercial and residential growth the village will stagnate.
217	Hahei	1	5	2	4	3	6		During peak time Grange rd. needs to be closed at the bottom and people either take the walk beach track to car park or walk up the road. The car park has too many people camping overnight.	Because it's obvious traffic and people visiting Hahei need an alternative access
218		3	6	2	4	1	7			We need to look after our environment, reducing growth in visitor numbers rather than adding just for economic benefit.
	Hahei	2	2	2	2	2	2	1	Long Term Planning	There needs to be one overall and long term plan which incorporates all of the issues above and more for Hahei Village to adequately cope with the summer influx of people.
220		4	5	1	3	2	6	7		Septic tank waste water effect on out community environment and xxx quality of wigmore stream water.
	Hahei	3	5	2	7	1	4		Above all else we need to focus on keeping	
	Hahei Hahei	1	2	4	5	3	6		NZ beautiful	To get more tourist into the area the management of traffic is the most important along with car parking. The horse must go before the cart.

		2	4	3	5	1	6		Lack of footpaths on busy Hahei roads -	
302 L	Lees Road	2			-	2	-		Pa/Wiemere Place	Because children tend to play in Wigmore stream. Health reasons. Wastewater improvement will stop leaching of septic tanks and improve stream
303 [Lees Road	2	4	1	6	3	5			quality.
304 t	Hahei	2	3	1	5	6	4	7	Plant mix on beach road. The current practise of chip on Tar creates a scattering of chips over the berm, Just prior to x-mas is not a good time to do the job,	The village needs to have a replacement for septic tanks
305		1	7	5	4	3	6	2	A ban on freedom campers from look-out on grange road. In the evening it becomes a "city" with tables and chairs, cookers spread out over car park and footpath. We noted rubbish is an issue too. It obviously a cheap night for them.	
		4	6	1	3	2	5			Locals suffer from tourism. Poor waste water management is rarely/never
		-	5	1	5	2	5			noticed by visitors, locals must live with the issues.
306 307										Because congestion of side roads heading to cathedral cove parking has been

Question Five: Do you generally agree with and/ or support the proposed walkway from Whitianga to the blowhole south of Hahei Village?

Feedback #	Туре	YES	NO	Comments
1	Hahei	1		
2	Hahei	1		
2	Hahei		1	Will need more thought to accommodate more people - toilets etc. Not a good idea.
3	Hahei	1		
				Will have some of the best coastal scenery in NZ/World . Needs to progress to Hot Water Beach
		1		along coast (where there is a will there is a way) It MUST not go inland even as a "temporary"
4	Hahei			measure COST is NOT a reason. It is an excuse!
5	Lees Road	1		
				Some areas of the track have been used for ears and are very popular. The whole walk has
		1		benefits for business operators in the area and will help to keep them viable for the whole year. It
6	Hahei			may also help young people stay and work in the area
		1		It is such a shame that the historic coastal public reserves north and south of Hahei have not been
				accessed and enjoyed by the public of NZ. I am hopeful, that if I live Long enough, I will be able to
7	Hahei			walk along the coast from Hot Water Beach to Cooks Beach.
			1	No cause it will encourage more tourists and we don't have facilities for them in Hahei. Hahei does
8				NOT need to be used for NZ advertising for tourists
				It is a spectacular walk and should be supported as an alternative walk to Cathedral Cove. The
		1		public land along the cliff tops should be easily accessed and promoted. At the moment I fear that
0	Hahei			private land owners bordering this reserve area are able to influence the decision makers.
9	папеі			Partly - certain parts that are legally and practically feasible - I have strong reservations the full
		1		track can actually work, nothing further should proceed however until all infrastructure problems
10	Hahei	1		at Hahei are sorted.
10	Hullel			Great Idea's beautiful part of coast best seen by visitors car parks close to starting xxx it Lees Road.
11	Hahei	1		Purangi close to Pa Road for hill access.
	Cooks Beach	1		
	Cooks Deden	-		
				I think it will be a great draw card for tourism. We have a unique and beautiful coastline and I'm
				personally very proud to showcase what we have to offer. This walkway is an excellent concept
		1		BUT it must be done right the first time not a "stopgap" attempt. Don't rush it - get it right the first
				time. I'm a marriage celebrant and wedding planner and welcome couples from all over the world.
				I would never recommend they avail themselves of the Cooks Beach to Cathedral Cove leg you are
13	Cooks Beach			proposing at present and wouldn't use it myself. I'd still continue to access from Hahei as before.
14	Cooks Beach	1		
15	Cooks Beach	1		Essential to maintain growth for increased services and infrastructure.
16	Hahei	1		
17	Hahei	1		
18	Lees Road	1		
				Whitianga to Hahei - Yes, Hahei to Blowhole - No - I'd prefer Hahei to Hot Water beach walk to the
		1	1	up wig more stream, to Donovan's corner - along road reserve by Rod Millen's then down through
		T	T	wetlands to top end of Hot Water Beach. Blowhole better viewed from the sea. Too dangerous
19	Hahei			from up above.
			1	
20	Hahei		-	We have cathedral Cove, we don't need 2 area features. How do you get over Purangi River?
		1		The scenery, sea views and the beach are spectacular. Make it available to everyone. I hope I can
21		-		walk around Cooks' bluff in my life time.
				Other local walkways e.g. Lonely Bay, Ferry Landing are not currently highly used by Tourists.
				Hahei is at capacity with Tourists over summer. There would be no one night accommodation
			1	available. The walkway is ill conceived and priority should be given to other areas of the
				Coromandel where more tourists could be a benefit to Locals. We are not the "Cinque terre" with
				accommodation available in towns. Much of the walk has little shade and it is not required as
	Hahei			there are plenty of local DOC walking tracks.
23		1		I think the great walks project along the coastline is a fabulous idea.
24		1		Would do it with my kids
	Hahei	1		foreshore and seabed riparian rights for public to access the coast.
26		1		Opens up other opportunities and options
	Hahei	1		Would also like to see bikes as an option.
29		1		Like welking and eveling with Meuntain Diking the read are used and any second
30		1		Like walking and cycling - with Mountain Biking the road are very dangerous.
31		1		Good asset and yory popular walk
	Hahei Hahei	1		Good asset and very popular walk Parking is an issue along Pa Road.
	Hanei Cooks Beach	1		Yes but have to watch out for other boat operators on the Purangi crossing.
34		1		res but have to watch out for other boat operators on the Purangi crossing.
	Cooks Beach	1		good for tourists
	Cooks Beach Hahei	1		
37		1		
38		1		
39		T		

40	Hahei	1		Nearly everyone will say walking tracks are a fantastic idea. It is where they are placed and the effect on the actual surrounding community and infrastructure that needs to be taken into consideration.
	папеі	1		Great Idea
41		T		
	Cooks Beach	1		Swing bridge needed for purangi, need wheelchair access, track needs to be designed so that can be walked in winter.
43	Cooks Beach	1		
		1		
44	Cooks Beach			People would love to do that, stick to tourists as we need to accommodate and cater for them.
		1	1	Hot Water Beach to Cathedral Cove walkway would be awesome, walk along Lees Road dumb idea
	Lees Road			not scenic just a country road, if can't go around coast stop walkway at Cathedral Cove.
46		1		I came to the Coromandel for the Beaches.
	Cooks Beach	N/A		Keep some parts of Coromandel protected and develop already developed areas.
48		1		Would walk part of it.
	Cooks Beach	1		Good idea
50		1		
51		1		
52	Cooks Beach	1		
			1	Not Pa Road to Blowhole - issues with parking and toilets along Pa Road. Also issues with parking
	Hahei			along Wigmore Road.
54		1		The survey of the Conductor
55		1		They work in Sydney
	Cooks Beach	1		Creat Idea
	Cooks Beach	1		Great Idea
58	Cocker	1		Spread the load and accommodate Bikes
	Cooks Beach	1		
60		1		Parking at cathedral Cove car park is terrible, needs to be more organised.
<u> 61</u> 62		1		
		1		Don't know much about it but the more walks the better
71		1		
	Hahei	1		Again, as long as traffic management and toilet facilities are managed well.
/0	Lees Road	1		I understand that private landourpers are unuilling to have public access to their property on it
77	Habai		1	I understand that private landowners are unwilling to have public access to their property so it should be a non-starter.
	Hahei Hahei	1		
	Hahei	1		The more good quality walks the better. We try to do a walk every day
/9	папеі	1		The more good quality walks the better. We try to do a walk every day. Hahei roads and parking are already under capacity and stress during peak periods. This proposed
80			1	walkway will add to the business of roads and pressure on infrastructure, making it unpleasant for ratepayers. Rather find traffic / road solutions outside/bypass Hahei. Retain Hahei' s natural undeveloped beauty.
81		1		
82				
			1	The area is overloaded with tourists now, further attractions are not necessary - Fix infrastructure
83	Hahei		1	first.
		1		I think it will be great for the Coromandel, but still need the infrastructure to be in place before it
86		T		gets the go ahead.
87		1		
88	Hahei	1		I think it's a wonderful idea but can't be considered until all of the above concerns are dealt with. There should be a list of work priorities in conjunction with walk development.
00				I believe it is idealistic and impractical. It sounds very nice in theory, but not in actuality i.e. it's too
				hard to make it all work and if we're going to do something we should do it well. I believe we
			1	should concentrate on our current lack of infrastructure and improve the walks we already have in
91	Lees Road			place.
92				Page 3 not included
52				Pa Road to Blowhole, parking, toilets are an issue getting in and out of properties with boats major
			1	concern if there is cars parked roadside. Existing concrete work done for drains is breaking now,
93			_	with cars on, will get worse.
				Hahei infrastructure is already at maximum capacity. Building the walkway south of Hahei would
				add enormous strains on current infrastructure and create parking, traffic stress for residents. We
			1	do not support the walkway south of Hahei. Hahei roads and parking are already under capacity
				and stress during peak periods. This proposed walkway will add to the business of roads and
				pressure on infrastructure, making it unpleasant for ratepayers. Rather find traffic/road solutions
94				outside/bypass Hahei. Retain Hahei' s natural undeveloped beauty.
		1		Only if is a safe walkway and information provided as to who is capable of using this walkway,
95		1		decent signs etc.
		1		I think the track should not only stop at Whitianga but continue further to Matarangi and
96	Lees Road			eventually all the way north and around the peninsula's west coast and back to Thames.
97	Lees Road	1		
98	Lees Road	1		
		_	1	Hahei is a small seaside village and Lees Road is a rural no exit road. Residents do not wish for huge
99	Lees Road			numbers of tourists passing through all summer.

100		1		All there are a mostly surrently appreciate if disinitiated. The area descent of the state of th
			1	All these areas are mostly currently accessible if disjointed. The area does not need more tourists, they have ruined Cathedral Cove and Hot Water Beach for NZ. Dead end walkway to the blowhole
101				will double numbers accessing Pa Road entrance.
102	Hahei		1	
103			1	There is already a pathway if people want to walk there. The coast should be protected from tourists.
				Definitely! Walking is to be encouraged! But please provide first, signs, paths, rubbish bins or
104		1		employ people to pick up "their litter". More long drops with hand sanitizer. Our bathroom/toilets are pretty shabby.
104				Provided the infrastructure is built to accommodate the walk BEFORE it is opened; NOT wait and
105	Lees Road	1		see how it goes and add infrastructure in a piecemeal fashion.
				Would think about it when appropriate infrastructure was in place but NOT if Lees Road was used
106	Lees Road			for car parking.
			1	At the present time the car park at Grange Road is being used as a camping ground which is most
108			1	unsatisfactory. It needs more policing. I see it frequently on early morning walks.
			4	Hahei is not big enough to support the kind of demand that may arise from this walkway. Also a
109			1	number of existing local businesses will be significantly impacted.
		1		But it should be a 'rural track' - developed enough to enable walking access but not made like the
110		-		Cathedral Cove 'highway".
				To begin with, I feel the focus should just be on the track to Cathedral Cove and the extension and
		1		walk around Carter Farm and back to Lees Road car park. Continuing up to Stella Everett and across
				Purangi is not viable without considerable expenditure on a crossing as this needs to be available
111	Lees Road			all day and any suggested low tide walk is ridiculous as it is still over waist high.
				Essential that existing visitor impacts on locals are properly sorted before encouraging even more
			1	visitors into what is otherwise a quiet seaside village. Traffic management, (adequate visitor
110				parking o/s the village, footways, reduced speed limit), toilets, rubbish facilities sorted BEFORE
112 113				encouraging even more visitor demands. No more burdens on local ratepayers!!
113			1	Improve parking and toilet facilities before any extra tourist attraction.
	Lees Road			
116		1		
	Hahei	1		Great! Encourage activity/exercise and see beautiful region.
	Hahei	1		Provided it is managed.
119 120			1	Hahei already has a problem catering for the number of tourists that visit
120			1	
121			1	Hahei already has a problem catering for the number of tourists that exist
				There is no infrastructure to support the proposed walk which will only add more tourists to our
123			1	primitive road
			1	Too many people already. TCDC should look for other areas to promote
124		1	_	Thames/Coromandel/Colville/New Chums/Pinnacles
125		1		
			1	Why would you plan to extend the walkway to the blowhole when you have not dealt with current
126			-	and future traffic and people management problems of the Whitianga to Cathedral Cove walkway.
127				As long as facilities are in place first. User pay.
		1		The issue of the crossing of the Purangi offers the biggest challenge. It would be far better to
128		-		complete the necessary improvements to meet current needs <u>first.</u>
129		1		If goes ahead make sure the appropriate amount of funding is available to ensure it is a world class attraction in terms of facilities, infrastructure etc.
129			1	מנו מכנוסו ווו נבוווז סו ומכוונובא, וווו מגו מכנמר פננ.
150			-	
			1	The section from Ferry Landing to Cooks Beach and Purangi to Cathedral Cove are without scenic
131				merit, and will require substantial supplement to provide safe walking paths.
			1	No infrastructure in Hahei for the many visitors now. Toilets, footpaths, sewerage, water needed.
132	Hahei		-	Third world countries are needing sewerage and water, so do we!
			1	Not unless you can resolve footpaths, wastewater, infrastructure first. Use future proof planning
133			1	not reactive clean up mess making approach. Consider consequences. Not short term gains - look to future please.
155				I cannot see any justification for extending the walkway past Hahei Beach to the blowhole while
			1	the parking and general tourist management facilities for the Whitianga to Hahei are completely
134				inadequate.
135		1		
136		1		
127	Haboi		1	Whitianga walkway to Hahei is fine - but one way to blowhole is problematic and we don't want viewing platforms over the blowhole which would spoil the famous vista from below
	Hahei		1	viewing platforms over the blowhole which would spoil the famous vista from below. There are far more issues that need to be addressed
138				THELE ALC LAL HIVE ISSUES LIAL HEED TO BE AUDIESSED

				As above we believe tourist attractions (Cathedral Cove walks, blowhole walk etc.) in Hahei and
				Hot Water Beach should not be further developed at his stage. We are totally opposed to the
				development of a commercial area - Whitianga is quite close enough. This area of great natural
			1	beauty and special NZ charm should remain as undeveloped and unspoiled as possible. Visitors to
420				our country are here for the great outdoors not to see clusters of urbanisation around our
 139				coastline.
140			1	No, because dirty stream, no toilets, rubbish, erosion
			1	The walk way needs to either end at Hahei or at Hot Water Beach there is insufficient Parking
141			1	facilities in Pa Road to accommodate walkers.
				Place on hold until a continuous walkway from Whitianga to Hot Water Beach is a reality. The
				Annual growth in visitor numbers will add to the Coro Economy without spending more. The Pa
			1	walk is attracting more visitors each year plus the Ngati Hei project will add to that. Pa
				Road/Wigmore Cres have safety issues with increased traffic, blind spots, no footpaths, both are
				cul de sacs with extremely limited turn around areas. Plus one lane bridge. TCDC water supply is
				currently drawing to the max consent at peak, where do we source water to meet additional
142				annual visitor demand on toilets and water? Plus no consideration for fire fighting contingency.
				Already there are issues along Pa Road and Wigmore - no footpath/blind spots/no exit roads -
			1	nowhere to turn around. Not fit for campervans. Heaps of people already walk up the Pa - more
1.12			T	
143				would be too many.
			1	
 144				Visitor numbers are currently at a marginally sustainable level-infrastructure cant cope
				But the fact that it has been reduced to a dead-end walkway, not reaching Hot Water Beach,
145	Hahei	1		undermines all numerical and financial projections and thus does not justify.
1-13				
			4	
			1	Hahei has the finest reputation for tranquillity and natural beauty - we want everyone to share and
	Hahei			appreciate this not be overrun with campervans/buses in residential streets
147	Hahei		1	Hahei already has a problem catering for the number of tourists that exist
148			1	
	Lees Road		1	Hahei already has a problem catering for the number of tourists that visit
145				
			1	
151	Hahei	1		More toilet facilities required and rubbish bins.
		1		Yes, but with safety for walkers and car parking not impinging on the residents lifestyle and quite
152		-		enjoyment of their properties on Pa road.
				Hahei struggles to handle the amount of people at holiday peak times as is. This would only put
153			1	more pressure on all services.
155				Not required. It would spoil the blowhole a natural attraction. The sealing of the track to the cove
			1	
	Hahei			has done nothing to enhance natural environment.
 155	Hahei		1	
				Yes, but it needs much more than this. We all need to consider the medium term and on into the
				future. Tourism will continue to expand (seriously expand from the100,000's to eventually the
				millions). Head in the sand will not suffice! This is also a wonderful sustainable opportunity for all
				NZ'ers. It should not fall on Council alone! We need to recognise the expanding numbers and
				inherent requirements i.e. recognize, embrace, manage to our best advantage. e.g. Whitianga to

				-
			1	Attachment - Email. The walkway is a good idea, but the other issues need to be addressed and prioritised first. The blowhole section is null and void as it proposed to use private property which there is no agreement or permission for. Who will provide the additional services for this
169	Hahei			walkway? Medical, emergency, cleaning, toilets
170		1		Text Only. As long as infrastructure is improved to cope with additional visitors.
			1	Proposed walkway should go from Whitianga to Cathedral Cove and finish there. The Pa walkway
171				at South end of Pa Road does not need to be continuous from Cathedral Cove.
172	Hahei			
				Would just be another step in diluting the "remoteness" and "isolation of Hahei ad its surrounds,
173			1	which is one of the main attractions of the area
	Hahei		1	
175	nanci	1	-	
175				This is a beautiful part of the coast, but there is a need for fencing and a viewing platform, to
470	Lish at	1		
1/6	Hahei			prevent accidents e.g. falling 'into the blowhole'
		1		As long as additional facilities and car parking are constructed before the completion of the
	Hahei			walkway
178	Hahei	İ	1	Would agree only if it was continuous to Hot Water Beach
				The serious congestion in and around Hahei Village is bad enough now - there is not enough
			1	infrastructure to cater to the current level of tourists - let alone encouraging more to visit to
179				undertake the proposed walk(?)
				Infrastructure not able to support, environmental stresses due to large number of tourists. Protect
			1	the village - not over run with tourists. Already enough to do/see here without adding another
180			-	"attraction"
130				To do walkway from Hahei to blowhole - there needs to be consideration to, parking, footpaths,
104		1		
181				toilet and work safe equipment at cliffs and blowhole
			1	Possibly okay if TCDC made, in advance, major investments in tourist infrastructure - TCDC has
182				shown no advance initiatives in this respect before, so I'm/we're still a NO
				Only as long as good infrastructure is put in place to support it, and that it doesn't change the
183	Hahei			village atmosphere. We would not want to see any reserves given up to car parking.
184		1		
				Strongly disagree. The place is already inundated with visitors. The cost of putting this "great walk"
				has already used money that could have been better utilised elsewhere to deal with infrastructure
			1	for Hahei and surrounds already straining from insufficient amenities. Manage what is happening
105	Hahei			now without trying to bring more people here.
			1	
186			1	
187	Hahei		1	
			1	Wasted money, ROI does not justify investment, TCDC should focus on ESSENTIAL infrastructure as
188	Hahei	L		required by Local Govt Act
				The proposal would (as far as Hahei is concerned) require parking in the middle of the track. Any
			1	track should start at one end and finish at the other. Proposal as submitted previously does nothing
189				to address parking issues
				As soon as the Purangi Crossing is sorted the area will really come into its own with many
				opportunities for business adjacent to the walkway. Purangi Crossing could be a real focal point if

191 192 193 193 194 194 195 195 195 196 197 198 199 200 201	Hahei Hahei Hahei Hahei Hahei		1	In principle yes support walkway concept. But it is critical that prior to commencing walkway all the infrastructure required due to increase visitor numbers (that will arise with walkway) needs to be sorted out - parking, toilets Unless the walking continues ALONG THE BLUFFS (not behind Millans land) to Hot Water Beach it will only further the impact Hahei negatively. If it goes through to Hot Water Beach it would "spread" the load a bit and I would support it in concept. Because it will load up the Eastern end of Hahei which has already all the tractor and boat movements to the beach and insufficient car parking in any event. But not right now. Termination at the blowhole will mean ore pressure on Hahei as that part of the walk will be an attraction in itself. Hahei should be a stop on the way to Hot Water Beach but depends on the turning area at the end of Pa Road (reserve end) should not become an alternate car park. I believe the walks should be on hold until parking, traffic, toilets, food outlets are sorted first Provided Lees Road be paved, safe pedestrian lane, low speed - 50kph, well signed. Toilets at Stella Evered Park, toilets in car park. Before encouraging even more visitors to Hahei, fix existing issues first! 1. Parking for visitors 2. Toilets and water for visitors 3. Protection of the village by preventing traffic intrusion into the village and maintaining its

	Hahei	1	4	
205	Hahei		1	Oversubscribing tourism to one area i.e. Hahei.
			1	Natural growth of numbers to existing attractions will cripple us - we don't need any more people. Absolutely against the Blowhole part of the walkway and the rest will only be a hotch potch
206	Hahei		1	anyhow.
200	папеі			Only if you provide most needed safety fencing at the Blowhole and once again parking that does
207	Hahei	1		not impact the town character of Hahei.
207	папеі			No as no traffic management could cope it would result in similar pressure as experienced on
200			1	
208		1		Grange Road.
209	Hahei	1		Yes
240	Lisks:	1		I agree with the walkway but think it should be a dual use cycle/walk track. The rest of NZ are
	Hahei			putting large sums of money towards world class tracks that promote tourism.
	Hahei		1	
212	Hahei		1	Will need more thought to accommodate more people - toilets etc. Not a good idea.
			1	Area cannot cope with existing visitors. Increased visitor numbers impact on what attracted most
213				ratepayers to Hahei in first place, more visitors a problem.
214			1	Infrastructure is not sufficient to support extra visitors e.g. parking, toilet facilities.
	Hahei	1		
216	Hahei	1		
				Until the traffic management is sorted this is crazy. We the Hahei section to the blowhole is flawed
				There is no parking at the Pa end of Pa Road, inadequate footpaths. We have a real concern cars
				will drove along Pa Road and park on the reserve adjacent to the Wigmore Stream. There are
217	Hahei			inadequate toilets.
218			1	
				I believe this walkway would destroy the natural beauty of the area. Currently thousands of visitors
			1	get the pleasure of seeing this area and the blowhole from the sea and can enjoy its natural state.
219	Hahei			It's a fact. Not everyone can go everywhere.
220		1		
				We cannot support building a walkway when we completely lack the infrastructure to support an
231	Hahei		1	already established walkway (Cathedral Cove)
232	Hahei		1	Not enough infrastructure to support this. Focus on Cathedral Cove and local amenities first.
	Hahei			
233			1	
235		1	*	Provided it is DOC operated, not ad-hoc local know all's.
233		1		No parking at Pa Road end. Only 1 toilet, no footpath to walk from current car park. Cliff walk will
226			1	
236				require fencing off under work safe requirements.
207			1	Only if the partaking issues are fully resolved. If the country is making so much money from
237				tourism the tourism board (i.e. govt) should be paying a lot of the costs.
			_	We really struggle with numbers given our limited space and facilities. I don't think we need more
			1	attractions, we need to have better facilities and ways to protect our water, our beach and the
238	Cooks Beach			land.
				Yes if all the infrastructure is put in place from Whitianga to Hot Water Beach. Perhaps a walkway
		1	1	from Ferry Landing to Cooks Beach - a walkway from Purangi to Cathedral Cove - a walkway from
				Hot Water Beach to Hahei would be adequate. Would give plenty of choice for walkers and
239				alleviate the congestion which is seen as a major problem.
				Definitely do not need anything to attract more visitors to Hahei. Cathedral Cove will do that on
			1	it's own. People will always want to see Cathedral Cove. Even now they are not so interested in
			Т	the walk to the cove - just to get there, take there photos and leave. The huge numbers using the
				water taxi options now show this. It would make more sense to develop walkways in other areas
240	Hahei			of the Coromandel not so inundated with visitors already.
241			1	Too much exposure of this area without any proper infrastructure.
				No demonstrated needed. Many en-route facilities required, with free camping control. Both
			1	present and future use requires monitoring and regulation, e.g. against free camping with its
242				rubbish and waste problems. What enforcement is undertaken by Council
	Hahei		1	Not under current circumstances. Improved infrastructure must come first.
	Hahei		1	Disagree with walk to blowhole.
	Hahei			
			1	We have enough tourists
	Hahei		1	Too many visitors when infrastructure in place, walkway be okay.
247			1	Not enough infrastructure in place to cope with the increase in tourist numbers.
			-	
-			1	The infrastructure in Hahei is not coping with visitor/tourist numbers at the moment so bringing
248				more to the area is ridiculous unless issues such as parking, toilets, information etc. are addressed.
249		1		
		1		It should not go further south than Cathedral Cove. The blowhole should be kept as a 'from the
251		-		bottom' experience as exists now.
252			1	
		1		The original walk was to be from Hot Water Beach to Whitianga. Without access to Hot Water
		1		Beach this will only create greater problems within Hahei as there is no access for pedestrian traffic
253	Hahei			to flow through Hahei. Resolution of this should be a top priority.
	Hahei			See Support Lees Road

255		1		
256		1		See other comments
	Hahei	1		It's a great idea, but need to be done properly from the start, no temporary.
	Lees Road	1		Attack want - Look Dood Take time to consider new Gentiers for each costing
259	Hahei	1		Attachment - Lee's Road. Take time to consider ramifications for each section
				When the walkway was able to finish at HW Beach it gave it an exit or alternative entrance for the
			1	whole walk. Now it means walkers must walk back to Hahei from the blowhole. Cliffs are
				dangerous and two way traffic in this most dangerous area does not make sense - health and
260				safety and constant upkeep of the track cleaning etc.
261			1	
262			1	
	Hahei		1	
	Hahei	1		
265		N/A		
266	Hahei	1		
		1		
	Hahei	-		Subject to no detrimental impact on Hahei, such as temporary accommodation, excess numbers
268		1		Only in the infrastructure is implemented ahead of the walkway
				Existing walkway coupled with the tourism numbers for Hot Water Beach is more than sufficient
			1	from a management point of view. Also the issue of crossing the Purangi Estuary has yet to have a
269	Hahei			viable solution
			1	The blowhole walk is more challenging than the Cathedral Cove walk which already places
270			1	demands on local volunteer rescue services. The blowhole site is dangerous
271	Hahei		1	
272		1		Yes, great idea. Just needs to be managed properly, such as car parking, toilets, etc.
	Hahei		1	
	indire:		-	TCDC has many projects underway. Get C.C traffic management, car parking, toilets, rubbish,
				wastewater improvements, stream/drinking water quality, Whitianga Town Centre etc. under
			1	control first. Don't scratch your resources. defer this project for anther 3 or 6 years. You have great
274	Hahei			staff, treasure them.
	Hahei		1	
2/5	nanel		1	The blowhole can be accessed via boat. Leave any further commercial/tourist activity out of
270	Llahai		1	
	Hahei			residential Hahei.
277	Hahei	1		Great tourism! Ask me more, not enough space here.
				I do not support the portion of the walkway from Hahei to the blowhole because of the danger.
278				However I do not have a problem connecting the Cathedral Cove walk to Whitianga
279	Hahei	1		
				"Generally", however am reluctant to support a further increase in tourist numbers in the Hahei
		1		area. It does seem that the carrying capacity of the region is being "stretched" and I believe it
		1		compromises both the tourists appreciation of the area, and the local residents satisfaction with
280	Lees Road			their home region especially over summer.
281	Hahei			See other comments
282	Lees Road	1		But around the coast
				Our family has been in Pa Rd since 1960s - we are now 3rd generation, so we oppose heavy tourist
				routes to Pa and beyond. We feel the best way to see the blow hole is by boat and better for boat
				tourist operators. We have been to blow hole many times and only in times of wild weather or big
				tides do you see water out the top. We feel this walking track is costly and does not warrant the
		1	1	money spent. We have seen very few people walk to the blow hole - only locals really. We don't
			_	want to see this end of Hahei become another "cathedral Cove highway". For the time factor in
				getting there and timing to see water out the blow hole it would be a white elephant. Already
				there are enough camper vans driving to top of Pa toad to try and park - and now people
				overnighting in Reserve on stream sight at end of Pa road there is no sign for not camping. Overall
				I think signage is poor and indifferent or not clear where you are not able to overnight in campers.
				Free campers bring no revenue to an area! So overall agree with proposal to Lees Road Car park
283	Hahei			and Track but Object to Walk to blowhole.
			_	
195		1		As above. This also helps spread the destination of tourists

296	Hahei		1	Not convinced the infrastructure will match what's required for the likely numbers.
297			1	There are so many tourists into this beautiful place, and to put a 2walkway in as proposed would put more pressure on the services (limited) and infrastructure, and also bring inherent problems. All of Hahei desperately need to be put on a Council sewage system as soon as possible. We see the overflows of septic tanks seeping into the stream - also smells disgusting at times - not a good look or smell for tourists.
298			1	Tourism to Hahei has already increased dramatically over the last 10 years. This is likely to continue even without the walkway. This will affect the unique character of this small village.
299	Lees Road	1		I am in favour of extending the walkway as a step towards continuous walkway from Hot Water Beach to Ferry Landing.
302	Lees Road		1	Hahei is already overloaded with visitors and this will only increase these numbers plus traffic and parking problems.
303	Lees Road	1		No Access from south end of Hahei as there is no ready parking available.
304	Hahei	1		We need improved infrastructure to handle the larger tourists numbers - toilets, car parks, water supply.
305			1	Not until traffic issues are sorted otherwise you are adding to the congestion
306		1		Yes, generally. It is an area featured by locals, but I guess visitors should have access to it as well.
307		1		Yes like the walkway
308		1		We share Hahei facilities, i.e. parking etc Lees Road residents use Hahei OED!! Share facilities.

Foodback #	Type	Question 6: Are there any other points you with to provide comment on in relation to the proposal?
eedback #	Туре	
		Initial consultation with the public and business owners was poor to non-existent. Don't use this exercise to appease the public if any 'deals' have
		already been made with the Lees Road property owners. Mr Carter has already expressed his business ideas to us personally, to say he is going to 'ro
		Hahei'. This process needs to be open and honest. The meetings held previously have been at inappropriate times for local business owners to atten
	1 Hahei	We can offer a lot of information based on real-life experience.
-	2 Hahei	
2	2 Hahei	Easy access for ambulance and rescue.
		I an concerned about the erosion of the beach bank. A extra set of stairs from main car park would help. Also notices to ask people to use stairs and
		stop making tracks down the bank. Kayak boys should be made to use steps not run up the bank all the time. Other beaches have well defined tracks
		to beach. I think Hahei needs these. local residents only see these things take car of our beach before all the walking tracks etc.
3	B Hahei	
		1) The inclusion of 100 acres in discussion and planning is a "red herring" and should not impact on present planning proposals has arisen from a
		person with his own agenda.
		2) Pa Road/Beach Road car park needs to provide a full ablution block with facilities for campervans to overnight (with a charge of course) This will be
		great income earner for the business in the area (and Council)
4	4 Hahei	3) Exit from the car park should be (eventually) onto Pa Road this will stop congestion and ease traffic flows LOGICAL
		- Hahei Beach Road is to access the beach and Village
		- Rename the first section of Lees Road to Cathedral Cove Road so very clear which one should be used.
r.	5 Lees Road	- Also shift the commercial operations off the main section of Hahei Beach
		Need to fence the blowhole as track is quote well used.
		The 100 acres keeps coming up and is a total red herring. The owners are able to make up their own minds on the property - it has nothing to do with
f	5 Hahei	the walks.
		I wish to re-iterate the point made earlier that we cannot just continue to build car parks to meet "all" future demand. The upper limit of Tourist
		numbers should be set by the maximum density of people on the beaches and walkways in the Hahei area, Least we "kill the golden Goose" The
-	7 Hahei	attraction of NZ to tourists is the lack of dense crowds.
		No more beach commercial operators e.g. taxi, Kayak should meter parking on beach front
	3 9 Hahei	I feel that TCDC is more interested in tourists and walkway rather than ratepayers who pay.
	Напег	
		Attached sheet P.S I am happy to serve on any sub committee with Council/Hahei Beach ratepayers Association to assist in draft appropriate by laws
10) Hahei	and discussions with neighbours affected at 78
		Opposition by one or two local businesses stating that they will be penalised I.e. "pour house" DO NOT WASH. People will still visit Hahei.
11	2 Cooks Beach	
	3 Cooks Beach	
	4 Cooks Beach	
	5 Cooks Beach	Manufad where Whe werds will establish how encode. This is regional wide much law that reads addressing
	5 Hahei	Worried where "the workers" going to buy or rent. This is peninsula wide problem that needs addressing.
	7 Hahei	Take time to consider remifications for each costion
		Take time to consider ramifications for each section
10	8 Lees Road	I believe the best option for crossing the Purangi is swing bridge similar to the ones DoC uses on their park tracks.
		1) Put Wigmore adjoining properties on the reticulated sewage - will reduce the pollution dramatically.
		2) Put walkway along Wigmore stream to Donovan's corner and riparian plant - will also reduce pollution. Local would help with planting, like they are
		doing with pest trapping and weed clearing on Doc Land
		3) Stop wetlands being drained by local landowners
		4) Make Hahei a walking friendly village
		5) Grange Road car park - drop off only And why the heck cant DOC give TCDC an annual concession to manage it - on a roll over annual basis? Seems
	9 Hahei	logical to me! I know its part of a treaty claim, but seriously it has been for the entire 12 years I've lived here!
) Hahei	
22		
	2 Hahei	
23		Only traffic management of vehicles on the beach as above.
24		
25	5 Hahei	
26	5	
27	7	
28	8 Hahei	Cathedral Cove way too busy
29		Would prefer a shorter distance to walk with parking - having said that would pay at Pa Road if had to and walk from there.
30		
3:		
	B Hahei	
		Question would local get free parking if Da Boad was a new and display? Cathedral Cave will also be hurse
	4 Cooks Beach	Question would local get free parking if Pa Road was a pay and display? - Cathedral Cove will also be busy
35		
	6 Cooks Beach	
	7 Hahei	
38		One way bridges in Tairua are an issue.
20	ור	

39						
----	--	--	--	--	--	--

		1) Commercial shuttle system should work from the Church car park to Grange Road and to the Hahei Beach and extended period Oct to end of April?
		and incentivise water taxi to use this car park
		2) Connect new sections on Emma Place and Emmerdale Drive to waste water plant (illogical that \$20k be spent on each section for waste water when
		they are less than 100m away.
		3) Old septic tanks along Wigmore Stream will have a detrimental effect on water quality. Dawn Ave and other roads flow into Wigmore - connect
		them to the WWTP ASAP.
		4) Need to plan for Hahei's growth now and investigate opportunities through the 100 acres.
		5)Opportunities for riparian plant his stream and there is opportunity for a community walkway/cycleway along the stream.
		6) Alternative road entrance to Hahei via Arthur harsants land (avoiding snake gully)
		5) Tanks to collect rain water not an issue and self regulating, if owners run out then they have to pay for filling up their tanks.
		6) Tractors on the beach may be a problem in the future - need to look at options - Picking up trailers and storing them somewhere.
		7) Put buffer around the marine reserve and reduce quota for Cray fishing from 6 per person.
		8) Support the Lees Road access to Cathedral Cove. However the negotiated "deal" with council is an issue - need to see the business plan.
		9) Issues with lees road include: no community input to the Lees Road option, Grange road owners are aware that Grange road car park exists before
		buying, need to get the signage right for cathedral cove - if Hahei is gateway to cathedral cove, then lees road expenditure would have been wasted.
		10) need sufficient facilities at Lees Road so that Tourists go there.
		11) Money directed at Lees Road would be better directed at Hahei infrastructure.
		Need to sort out signage at the intersection of Hahei Road and Link road as Hahei is originally the home of Cathedral Cove.
		12) Department of conservation looking at managing numbers accessing cathedral cove.
		13) Lees Road entrance needs to be world class - difficult to bring up to standard compared with Grange Road.
		14) Economic benefits difficult to calculate
		15) Economic viability of a shuttle to Lees Road is doubtful.
		16) 56 Acers structure plan by Ken Harsant is better than the 100 acre structure plan.
		17) There could be a walking connection from Hahei to Lees Road as a loop track.
		18) If community wanted to limit development they could purchase the 100 acre lot.
		19) Relocate the fire brigade and St johns to the lower 10arcres of the 100 acre lot and free up this commercial space for parking.
40	Hahei	20) Future of waste water plant needs to be considered - do we want it in the middle of the village in 20 years time?
		Charging for parking a good idea so long as its not major fee - \$5 for maintenance. Critical that St Johns can service the walk with 450,000 visitors
		annually.
11		annuany.
41	Caalia Daaah	Christian Orth
	Cooks Beach Cooks Beach	Christine Only
43	COOKS Beach	
		Prefer more economical parking solution and would park further out and walk - \$5 on adult too expensive for shuttle - would rather pay \$5 for a bus
		and have all day.

80		Avoid over development of Hahei. Avoid extra car parks etc. in Hahei. Avoid high rises in Hahei. Retain its beauty.
81		
82		
83	Hahei	
86		
87		The Cathedral Cove ferry should depart from cooks beach not Hahei.
		The Lees Road car park in my opinion is a waste of resources there are other concerns needed to be dealt with. The tourist numbers are going to have
88	Hahei	to be restricted somehow in the future to keep Cathedral as viable tourist destination.
		Yes - I would like you to bring the speeding train to a halt and start really listening to all the ratepayers who would be affected by the proposal in a
		negative way. We would like to work with Council on finding the best solution for all of us and have careful, forward thinking (as opposed to idealistic)
91	Lees Road	deliberations between us all to come to that best solution.
92		Page 3 not included
		Infrastructure is number one priority - we don't have any - toilet block at Beach Road end of beach parking is at premium now on Beach Road down to
		the beach both sides - especially Feb/March. Concerns re reserve Pa Road north of Margaret Place parking and freedom camping used to be no parking
93		or camping sign there, has not been there for few years.
94		
95		
96	Lees Road	

97	Lees Road	
98	Lees Road	
00	Loos Dood	I think it has all been rushed too much. The parking and traffic management in Hahei should be sorted out before more traffic is added to it.
100	Lees Road	The Cathedral Cove ferry should depart from Cooks Beach not Hahei.
		Cathedral Cove and Hot Water beach are two NZ icons that have been ruined for locals and Nzers by over promotion to overseas tourists. One of the
		main appeals is that the access is free. The blowhole should be left as is, track accessible to interested people, not crammed with bus loads of tourists
101		dumped in it, with associated litter, loss of peace and quiet, sewage demands, access issues for local ratepayers.
	Hahei	I do not see why the tourists take priority.
103		Car park at top of Grange Road should close. Overseas tourists should be charged for access to Cathedral Cove.
		Just the Cathedral Cove car park at the top of Grange Road needs to be managed. Is it a walkway entrance, a car park or a camping ground? I hate
104		walking through there and side stepping the people using the footpath as a sink, (i.e. brushing their teeth and spitting their goobies on the path!) I really resent that!
101		If you want "buy in' from the locals, you need and must, listen to, and seriously take their opinions into account. They 'know' the area and are, and have
		been, witness to some of the problems that you appear to give little credence to. If it is done properly, it will be a real asset.
105	Lees Road	I'd like Council and anyone else involved, to really listen to the people of Hahei and Lees Road and to acknowledge their real concerns need to be
106	Lees Road	addressed.
108		
109		
110		The Cathedral Cove ferry should depart from Cooks Beach not Hahei. Lees Road would need to be widened considerably from our gateway to the park to be safe for walkers and drivers. Privacy planting on land opposite
		our property needs to be done as soon as decisions made so trees can get established or given to us for planting (as was one suggestion). We are happy
		to prune our vegetation as per statements re: crossing visibility, however we would appreciate the removal of large gum trees on council land on our
		boundary as they are quite frightening in high winds as are many of the pine trees (branches often come down) along the roadside from start of Lees
111	Lees Road	Road. Many of the smaller pines should be removed to improve the tourist attraction of the area.
111	Lees Noau	My bottom lines are:
113		1. Deal with parking and traffic management properly - incentivise visitors to park on the outskirts
114	Logo Decil	2. Provide adequate toilet and rubbish facilities.
115	Lees Road	3. Get Wigmore Stream healthy again.
	Hahei	
	Hahei	
119		
120 121		
122		
123		
124		
125		TCDC should learn to manage visitors on existing walkways before embarking on the grand schemes. Current numbers visiting are already showing up the poor planning - and what about the projected growth of up to 20% pea!
126		
		The whole management of the top car park is failing. It is dominated by freedom campers who abuse the facility. It should be drop off/pick up only
127		ensuring better traffic management on the hill itself. Currently enforcement of rules such as freedom camping/dogs on Bach etc. seems non existent. Funding for enforcement is required.
128		currently enforcement of rules such as needom camping/dogs on bach etc. seems non existent. Funding for enforcement is required.
129		
		Cathedral Cove is already congested during the summer peak. T's too small to accommodate more than 400-500 visitors and provide them an
130		enjoyable experience. It's just a question of time before Lonely Planet etc. start saying Cathedral Cove is over rated because of congestion, lack of toilets, rubbish etc. Start planning on how to contract numbers on the beach at any one time.
130		
		Let us know what is needed to help fix the existing problems and what can be done. We have been asking for this for years now, can a solution ever be
132	Hahei	found? We live at the Wigmore stream end of Hahei Beach. 2 tourist operations work from here Explorer and Dive Boat. Parking this summer has been
		difficult at times - tourists in large campervans parking in the middle of the turning circle at the end of Wigmore Crescent when they could find
		nowhere else. I also want to mention lack of policing - illegal camping (one lot slept overnight on Pa site and were found smoking) Nobody policing
133		dogs on beach.
134		No Cancel the Lees Road development, and if that means buying TCDC out of a contract for that many exist with the landowner at the proposed Lees Road
		car park, do so! That option will be a lot cheaper over time than operating and supporting the proposed Lees Road car park, the road in/out to it, for
135		every year to come.
		Re #3 above the 100acre Hasant land which is at the Hahei entrance. Council has a timely chance to discuss more commercial land/green acres/fencing
136 137	Hahei	Wigmore stream/introduction of a cycle way along Wigmore stream to Hot Water Beach. No
137		
139		
140		
141 142		
142		Worst case postpone the walk until the project establishes that a walk through to Hot Water Beach
144		No
		Down the coast end of Pa Road there are no footpaths, no sewage, no reticulated water and very little off street parking for day visitors. The land is
145	Hahei	swampy in low lying areas and the Wigmore stream is polluted. Do you really want to add more overseas visitors to our poor old chook. You need to feed the animals that lay golden eggs.
	Hahei	
	Hahei	
1.10		
148		
	Lees Road	The points raised by options above are beyond the resources of local Councils. Control Covernment, will promote tourists (OV) must provide all the
	Lees Road	The points, raised, by options above, are beyond the resources of local Councils. Central Government, will promote tourists, (OK) must provide all the upgrading at all the infrastructure to cater for the increase in numbers, not only Hahei, but all areas of NZ impacted by tourists.

		Any development of any sort needs to be undertaken with a view of keeping the "special character of Hahei" as a secluded and peaceful settlement.
151	Hahei	Don't want it to develop into a mini Whangamata, Pauanui, Tairua, Whitianga etc.
152		Kao kayaks are illegally transporting customers and kayaks to the beach or the Wigmore Creek Reserve. They don't have a concession licence to do
153		I would like to see Hahei retain its slow laid back relaxed quaintness Most people do the cove walk or use the water taxi. Numbers are becoming difficult with present infrastructure. South end of Hahei Beach should be for boat tractors. Too many people use the beach and Wigmore stream access just for transport to the beach, illegal tractors and beach buggies
154	Hahei	Need rubbish bins at the eastern end of the beach. New roading is too high and no allowance for walking on verge from the Church to past Pa Road.
	Hahei	Dangerous.
	Hahei	
	Hahei	
158	Hahei	STIMATING DEMAND
		According to the Community Great Walk document published by TCDC in 2013, the Cathedral Cove walk attracted some 160,000 visitors per annum in that year. Based on overall tourism expenditure and activity trends (Tourism NZ) we can assume that approximately 60% or 96,000 of those were domestic visitors and approximately 40% or 64,000 were from overseas. Those visitors are brought to the Coromandel by a number of attractions but visit Hahei primarily to access Cathedral Cove, not just by walking but now also utilising the water taxi service. *In 2013 international arrivals to New Zealand totalled 2,699,762 (Dept. of statistics) so that Cathedral Cove in attracting approximately 64,000 of those, captured around 2.56% of those total international arrivals. By contrast the total New Zealand population in 2013 stood at 4.471 million in March 2013 so again Cathedral Cove attracted around 2.15% of the potential domestic tourism population market. *If we apply those numbers to 2016 then we can estimate the current visitor numbers to Cathedral Cove as follows; International visitors as at November 2016 (MME) = 3,450,629 @ 2.56% = 88,000 Resident NZ Population estimate (Dept. of statistics)June 2016 = 4,693,000 @2.15% = 100,000 *The estimated number of visitors to Cathedral Cove could be calculated at around 188,000 during 2016 but the popularity of the walk has also increased its market share of tourists with the track counters assessing the Cathedral Cove visitor numbers to Cathedral Cove will continue to grow. *Firstly international tourists are expected to increase at a rate of 5.4% per annum so that by 2022 the number visiting New Zealand will increase to 4.5 million will energies to 5.1 million by that date which will generate 128,000 visitors for a total of 258,000. *This represents a substantial increase in visitor numbers and so the bigger question then becomes how will we accommodate over a quarter of a million visitors to Hahei each year, not just with parking but with all the other services that tourists r
		*Anecdotally, a discussion with the car park attendant at the Village Entrance car park in early January has indicated that up to 250 cars have been parked at the facility this summer with some of the grass area being used in addition to the metalled space. Even with the increase in tourism numbers
159		projected, it is still only the peak visitor times which need to be managed and these will extend as tourism numbers increase, possibly building into the shoulder periods of the traditional tourism season. In particular accommodation restrictions prevent tourists coming to a destination if they cannot
160		
161	Lees Road	I know Hahei businesses may be concerned that a Lees Road car park will reduce patrons. This concern is misplaced because of the many other attractions that bring people into Hahei - lovely beach, kayak tours, Hahei explorer, Coastal walkway paths, water taxi, diving, Campgroup and other accommodation
	Hahei	Re parking in general at Haheithere will always be the crazy 2/3 weeks we can cope with that provided residents can actually get to park outside their homes, but if the crazy time period increases in length then more parks on the edge of town and a shuttle will have to occur. Even to visit Hahei not just Cathedral Cove and other walks. You need to improve signage on the actual Hahei beach to explain to tourists where the track up to the steps to the access path to the track to CC isI am asked frequently. AdrienneWhen the
		Parking is a problem for several days per year only. Do not alter character of Hahei. Retain grass verges. No footpaths. Sections in 'old Hahei' cannot
163		be subdivided or cross leased so parking is not a problem for home owners - plenty of parking on their sections.
164		Parking is a problem for several days per year only. Do not alter character of Hahei. Retain grass verges, No footpaths. Sections in "old Hahei" cannot
165		be subdivided or cross leased so parking is not a problem for home owners - plenty of parking on their sections.
166	Hahei	Attachment - Email, Da Road cannot cater for visitor parking . Da Road poods to be for use of property owners and their visitors
169	nanel	Attachment - Email. Pa Road cannot cater for visitor parking. Pa Road needs to be for use of property owners and their visitors. Text Only
170		
172	Hahei	Join with other Councils to promote other fabulous attractions in other areas. Keep the Coromandel special and don't ruin our precious land with over utilised attractions.
173	Haha!	
174	Hahei	Until all the owners of the properties agree to allow the walkway to continue past their properties, there is no way the route can go on to Hot Water Beach. Once this agreement has been reached and the walkway is extended to Hot Water Beach it will indeed be a spectacular attraction. Until then it is a "No Go!"
	Hahei	Stricter control of 'Freedom Camping' should be implemented at Hahei Beach car parks and Grange Road car park
	Hahei	
	Hahei	Limited facilities at end/on Pa Road -only one public toilet for example
179		Have travelled extensively overseas and seen the effect tourism/over-development can have on areas when not properly managed - unsustainable growth causing irreversible damage and spoiling the very things that attract people to the area in the first place. Preserve for future generations!
179		Consideration should be regards charging for walk from tourists, to help with costs and development
181		
182		We cannot see the point of putting in new car parks when existing properties do not have basic infrastructure installed, that is sewerage and water. Before anything can be done their needs to be more infrastructure put in place. At Hahei beach the car park needs to be increased as the green belt is
103	Hahei	under used by picnickers. More toilets are needed. These existing parking spaces are filled early in the day many of them catching the water taxi and kayaking tours. There is a huge increase in the tourist industry. Visitors only going to Cathedral Cove would benefit from Lees Road to relieve congestion at Hahei e.g. bus tours. Hahei still needs their parking and park and ride services to Cathedral Cove. These car parks need toilets. What about Cathedral Cove itself? Can it cope with the increase. More toilets need to be built there, changing rooms, fresh tap water. All car parking facilities need to remain, be upgraded and have Lees Road for buses etc. Lots of people are enjoying walking so another entry point to Cathedral Cove would be beneficial but the existing road will have to be upgraded.
105		

184		Stop trying to do so much at once. Make plans and work closer with the community. DON'T come into the village and make these small incremental changes. (e.g. kerbing and channelling and paving) which you know the village residents don't want. Next there will be paving between "The Church" and Pa Road because the new roading did not retain the grass berm. Please consult and communicate more with this community. I believe the 100acres on the outskirts of Hahei is the key to our managed development. With careful planning and design it can provide car parking, a commercial area, information areas, bus drop off pick up, planted out, with DOC style buildings this could be an attractive, productive and valuable addition to Hahei future. If we don't consider this now and the present structure plan goes ahead we lose this land forever.
	Hahei	
186 187	Hahei	
187	nanei	Policing of existing parking in Grange with particular attention to the safety issues relate to the ingress/egress of up to 30 cars parking at No's 65 and 91
100		Grange Road. Both properties access's are on blind corners resulting in some near misses and traffic flow interruption
188 189	Hahei	
	Lees Road	
191		
192	Hahei	
193		Ratepayers do not receive any benefit from the proposal, but we do incur higher rates. Businesses benefit hugely - the CC kayaks turn over well over \$16,000 a day, the water taxi well over \$10,000 a day, the shops possibly more - yet the financial burden for infrastructure needed to make these few people extremely wealthy falls squarely on our shoulders, so we are paying for infrastructure that degrades our "homes" and is of no benefit to us and the business owners are free to make and keep unfathomable amounts of tourist cash. How much goes into Councillors back pockets to keep this sham going?
194	Hahei	We are not opposed to a walkway to Cathedral Cove at all however an extension to make it longer needs to definitely be to Hot Water Beach where car parking and facilities could be built to accommodate the increased numbers.
		The insertion of the subdivision plan into the District Plan has been most unhelpful. It is clearly not the right time for a large increase in housing/traffic
195		in Hahei
196 197	Hahei	
198		I seriously believe that the Grange Road car park be turned into a 'Drop-off' area only. Should be managed and camper vans should not be allowed up there. We experienced a major blockage due to a parker campervan. People having to slowly inch cars passed to get out of the way. Many cars are parked up there all day long. The "Park and Ride" should be operated in a way that some of the 'fares' go back into the area for improvement, e.g., landscaping, extra toilets, shelter for the volunteers. Pay and Display area for the beach end of Hahei Beach Road. The whole area should be Pay and Display. Residents to have stickers for free parking.
199	Hahei	"See attached"
201	<u>Hahei</u> Hahei	entrance to the car park rather than at the new cleared end so that those driving at speed past the car park would realise that this is a car park. You cannot see the cars parked at the Pa Rd end. If you increase the car park by adding the area where the dirt has been dumped and the dry pond area we could get up to 500+ cars/campers in there easily. If there are painted lines the parking will be controlled. They need to be wide spaces as people pull in and have all their doors opened getting organised for their day. Add a kiosk, toilet block and landscape it and it will make a welcoming entrance for Hahei the Home of Cathedral Cove". No street parking allowed in the village. Signs - no parking, residents only parking. Must park in designated car park area around the village. And this must be enforced. If we don't enforce this there is no need to build the Hahei Entrance or the Lees Rd car parks are one will use them. Unlike Hot Water Beach there is no incentive to park in a lot outside the village and walk or ride a bus. The pools at Hot Water Beach are right there in front of the car park. Do not charge for parking. Charge for the bus. Many walk which is what we want. Need 15 minute only parking in front of the shop. People park there and walk to the beach for the day 1The DOC/Grange Rd car park must be a drop off only and parking for disabled. No more overnight camping. Beach front car park could be pay and display. Residents get some kind of sticker- like Hot Water Beach does now. No parking on the streets. It is dangerous for people and children walking to the beach because cars are parked on the verge and pedestrians then are forced to walk in the road. Have a kiosk visitors centre at the DOC/Grange Rd car park manned by DoC/Ngati Hei (like other DoC destinations) History of the area, Marine Reserve. Tubbish bins and drinks and snacks for sale. The Friends of Te Whanganui-A-Hei Marine Reserve at Water Beach does to have eftpos/wave. People do not carry cash. We do not have an ATM in Hahei. Can get cash fro
201	Hanei	
202		Do NOT install Pay and Display at the Entrance car park. It will only encourage visitors to park for free elsewhere in the village. Actively discourage visitor vehicles from intruding into the village. Get them to park at the Entrance car park and Lees Road. Put toilet facilities at the locations that visitors need them. Positively encourage the traffic environment within the village that the ratepayers want and value most. Consider a 30kph or 40kph speed limit throughout. Don't put kerb and channel everywhere. Improve walkability in the village. More and better footpath connections and shared vehicle/pedestrian areas. This most applies between the Entrance car park and Grange Road.
	Hahei	Clamp cars illegally. Parked fees to get cars released will pay for employing clamper or tow trucks.
		Minimal parking should be provided and charged for and NO parking on any grass verges to try to retain the little rural feeling which is left before it becomes an urbanised car park. A speed bump MUST be provided in Grange Road for traffic coming down before the left hand through into Tutaritari
205	Hahei	Road.
206	Hahei	Cathedral Cove and Hahei are struggling to cope with visitor pressure. Proposed solutions aim to deal with existing numbers and ignore expected growth. Don't kill the golden goose - it is already very badly wounded. Fix Grange car park issues urgently!
207	Hahei	New subject: I think there should be a donation box which is more available and obvious at Cathedral Cove or a flat rate fee to assist in keeping the trails clean and gorse free.
208		The lack of parking management at the beach end of Hahei Beach Road is a safety issue. Cars are illegally parked so as to block all road verges for any pedestrians to walk on the road. This needs urgent attention. The parking pressure is such that a 'residents only' system or a policed time restricted parking system may be needed outside the parking area at the beachfront.
	Hahei	
210	Hahei	I have a alternate proposal for a walking/cycle track between Hahei and Hot water Beach. I will submit this in the next couple of months.

211	Hahei	
	Hahei	Easy access for ambulance and rescue.
213		
		1. Will there be a car park at the end of Pa Road? Many people may choose to drive there, leave their cars and walk to the Te Pare Point Historic
		Reserve and on to the Blowhole.
		2. Reduced speed limit in village e.g. 30kmph. Dawn Avenue is used like a racetrack at times. People usually walk on berms but when these are covered
		in parked cars, pedestrians walk on the road. Remove parked card from berms - new car park.
		We have paid exorbitant rates on our property for 27 years yet have little or no benefit to us. We have our own water supply, HWSA sub, wastewater
		treatment (septic tank), own library (Florence Harsant sub \$20 per year), pay for rubbish removal - blue bags.
		Some years ago TCDC dug a channel down the side of the bitumen in Down Avenue leaving a deep depression. I need a 4wd or have to negotiate the
		dip very carefully to not remove the front spoiler on my car. We would like to see driveway crossings over the dip. This would also mark entrances to
		sections and stop motorists from parking their cars over the entrances to our sections.
		The walkway opposite our house leading to Harsant Avenue is very rough. Entrance is large metal and you can turn an ankle very easily. The resident population is ageing and needs a safer surface on the walkway e.g. concrete or bitumen. Therefore we would request some of our rates be spent on
214		something via improved walkway surface of value to residents who pay rates.
214		Thank you for the opportunity to provide feedback once again. I'd like to comment on timing of the execution of these projects. I understand the
		existing Hahei parking is to be closed this coming week to be sealed - this is crazy as it is peak international tourist visiting time in the area. Also,
		although great to have an opportunity to give feedback, most resident ratepayers are very busy during this period to get feedback in. You would have
		lost many voices because;
		a. they were too busy working (residential ratepayers)
		b. they were away over xmas (residential ratepayers)
		c. they were too busy enjoying their holiday time (non resident ratepayers)
		d. they are not computer literate
		c. they are not a member of the TCDC electronic newsletter, website
		Hahei ratepayers have been consistently giving TCDC and DOC feedback for the past decade on traffic/parking/infrastructure issues. Little has been
215	Hahei	done to alleviate these issues to date.
		Steady, managed and thoughtful growth are key to Hahei' s medium - long term appeal. I believe the Lees Road car park is a good step.
216	Hahei	We accept you can't step managed growth, but it sooms substantial infrastructure work is required before surged in the well. As a set or
		We accept you can't stop managed growth, but it seems substantial infrastructure work is required before expanding the walk. As a ratepayer we are rapidly losing out in being able to enjoy the Hahei surrounds with numbers of visitors already beyond resources and infrastructure.
217	Hahei	rapidly losing out in being able to enjoy the namel surrounds with numbers of visitors already beyond resources and intrastructure.
217	naner	Hahei is wonderful and relatively non - commercial. There are plenty of walking tracks in NZ and plenty of commercial beaches (Mt Maunganui etc.).
218		Let's leave Hahei more like it is/was.
210		Most residents enjoy our summer visitors but I am concerned we are nearing saturation. In the process of trying to cope with the numbers we are
		actually destroying the uniqueness that everyone comes for. The sealed track to Cathedral Cove has already started the process. Back to the overall
		Long Term Plan - do we need to limit numbers? Or find another solution before we keep adding infrastructure to bring in even more people. One day
		just before New Year it was almost standing room only at Cathedral Cove, there were just hundreds of people on the beach. Wish I had some answers.
219	Hahei	
220		Priority to continue waste thru to end of Pa Road to reduce overflow/wastewater leaching, also to bring water thru.
		Could agree if the walkway went to Hot Water Beach. There is no car parking at the Eastern end of Hahei Beach and the eastern all ready has to handle
231		all traffic flow to the beach, tractors etc. and the Hahei experience. Also tourists walking Pa Hill look out.
232		
233		
234		There needs to be a change in DOC rules so that walks like Cathedral Cove are charged for. DOC cannot afford to up keep the standard of services
234		required for the increase in tourist numbers.
233		Hahei is a beautiful place, been coming here most of my life. Would hate to see it get bigger/overloaded and mined. We need to think about the
236		future not just more opportunities to move money. It's about balance, balance of business, nature and people.
		Three or four shorter walks would not need extra or larger car parks in Hahei or Lees Road. Do not allow any more commercial businesses to be
		established based on attracting more tourists into Hahei. Those who do benefit from the tourism dollar should be levied to cover the cost of all
237		development so it does not become a burden on the ratepayers.
		The water taxi to Cathedral Cove has definitely created a different parking issue. Those people are parking at the beach car parks, around the local
		streets etc. Lees Road won't solve any of those parking issues. Assure most of the water taxi customers are also not using the Hahei entrance car park
		either as too far to walk from there to the beach. Hence the need for a shuttle service that caters for customers of all the tourism operators operating
		off the beach. The current park and ride service seems to work well enough for those willing to walk to Cathedral Cove.
238		
		The proposal is based on an assumption of ever increasing, even unlimited access. Cathedral Cove and Hahei are already under too much visitor
		pressure. Cathedral Cove and other coastal attractions need to be given a certain exclusivity to avoid being spoiled by crowds wondering.
239		
240	Hahei	Lintil the whole village is made mayimum 1 have parking with provisions for retenances and the enforcement of a superior of the share of the start o
241		Until the whole village is made maximum 1 hour parking with provisions for ratepayers and the enforcement of pay and display none of the above will help the congestion in the village
241		help the congestion in the village. Both present and future use require monitoring and regulation, e.g. against free camping with its rubbish and waste problems. What enforcement is
242		undertaken by Council.
	Hahei	
2.3		With the growing tourism population why not think outside the square. Be leaders and create a walking village for a period of 2-3 months. This would
244	Hahei	be a NZ first to send a message as a clean green environmentally friendly beach and village.
	Hahei	Stream quality of this chums playground is essential to chums health
		Something needs to be done urgently, about the private residences in Grange Road which are providing parking to the public at a cost of \$10 per car.
	the second se	Both residences are on blind corners which result in considerable traffic hazards. This is a health and safety issue. these individuals actually control
		traffic on Grange Road so that people are able to enter and leave their property. There have been a number of 'near misses' and someone is going to

For many a simple park and pay followed by a short walk is all that is required. The Lees Road Parking lot fits that picture and is especially favourable because the short 1.25k route is rural. 2: Locally congestion, especially around the commercial area and the corner of Grange and Beach Road is continuous and, due to the outflow from the first commercial area being right next to the turn from Beach Road and a pedestrian walkway quite dangerous. Also expected increases in traffic will one again make Grange Road, a heavily residential area, a hazard not to mention an irritation to residents due to number and noise from camper vans and the transfer bus. Finally thought needs to be given to the fact that in an emergency the Hahei Village area has only one route out. An emergency in tourist season with residents and tourists heading out up the tortuous

257 Hole detased with the new mayors demonstrated outreach to community. Where was the former mayor when planning parameters were fixed some 4-vers ago. 258 Lees Road (666-3024). Istrongly support the establishment of a parking to off Lees Road and an associated walking path across to Cathedral Cove together will large sign/billboard a the intersection of Link Road and Hales Beach Road that should indicate: a) The direction to the Cathedral Cove together will large sign/billboard a the intersection of Grange Road. This creates persistement traffic on Grange Road which is heavily reselved to this traffic are the cash and camper vans that continually travel up and down Grange Road in what sually turns out to be furtiles attempts to find parking in to small to a the top of the road. It is important to note that any proposed increase in the size of this towoid have disatorus consequences. Taket together this traffic creates congestion around the pedestrian - populated commercial area at the junction of Grange Road and Beach Road. The shut the subwill adding to this road traffic does not serve the area since it does not let off passengers. In summary, the Lees Road option is a logic solution to all of these problems. 260 the problem bear the brunt of excess cars. Once that cave implodes that will affect numbers. Please complete necessary infrastructure before proceeding. Footpaths, resident-only car parking for both village and Wigmore, fencing stream, as afe inland (Wigmore stream) walk to Hot Water Beach. Grange Road parking is a priority 261 The bylaws that the TCDC introduced i.e. 24 hour liquor ban, fire ban need to be better enforced. We regularly pick up bottles and cans on the road verges and beach. Fireworks are still an issue. New Years Evo & bu th not very other night very important tha			 Does not believe the Residents and Ratepayers group represents all people in the community. They just want cars out of the village. No quick fix to parking issues in summer. Water taxi and kayak operators putting extra pressure on parking requirements and are not required to provide parking or pay a contribution. They are highly rated tourist operations but bring in parking problems and congestion around the beach area. 9-years of doing tourist accommodation biggest complaint is that there are too many people on the Cathedral Cove track and on the Beaches. Average stay is 2 nights, 90% are not interested in any walking tracks other than Cathedral Cove and a few up "the Pa'. Water Taxi numbers (700 a day) bears that out. They come to the area for 2 reasons Cathedral Cove and Hot Water Beach. Lack of public facilities and building more car parks without them will be a disaster. Do not support Lees Road. Opening of the new one in Hahei and shuttle buses are working extremely well, however facilities need to be installed. Pouring more people into the back side of Cathedral Cove is not going to make for a pleasant experience. Decision was made without correct consultation. I do NOT believe that TCDC should be purchasing land to go into "Parking Lot business" My vision is a parking facility between Hahei and Hot Water Beach which services both with a loop bus. Drop off only in Hot Water Beach. Tarffic management needs to be number one priority - but need supporting facilitates.

279 Hahei			
As the lead 'listener' article states (Jan 14-20, 2017) "Kiwis are being crowded out of iconic locations." I believe that it is deleterious to continue		Hahei	
280 Lees Road pumping more visitors to the Hot Water Beach, Hahei, Cathedral Cove area. When is enough, enough?			As the lead 'listener' article states (Jan 14-20, 2017) "Kiwis are being crowded out of iconic locations." I believe that it is deleterious to continue

		*Property owner in Hahei since 1993 and full time resident for 6 years.
		*Involved in Park & Ride programme in Hahei for last two years and Community Patrol last 3 years.
		*Busy season 1 December to end of Feb - could extend as more tourists come.
		TOURISM/PARKING
		*At the existing Village Entrance Car park - there is not enough space during busy days to accommodate vehicles unless the entrance parking area is
		used (40 vehicles) - busy day 287 vehicles parked.
		* Visitor numbers appeared to be up from last year and more people walking to the beach from Pa Road, and Parking along Beach Road, Harsant and
		Dawn Avenue.
		* Cars don't stay at Pa road as they see the information boards that there is a closer park to Cathedral Cove. Also cash payment for shuttle - not
		everyone has cash and they drive to shops.
		* Some tourists think they can drive to Cathedral Cove so they drive through the village - not realising they have to walk for 30-40mins, so they leave
		town or go to look at the beach or find a cafe which increases vehicle movements.
		* Those parking at the Entrance Car Park go to Cathedral Cove, Others catching the water taxi just go to the Hahei Beach.
		* A good number are prepared to walk from the Village Entrance Car Park, well over 30%.
		* Footpath exit onto Pa Road from the Village Entrance Car Park needs to have no parking lines/signs on either side of the road. Need a footpath to
		maximise the walking exit onto Pa Road with a footpath to Beach Road - as people walk on the road.
		* Support the proposed walkway from car park through Kotare Domain.
		* Parking ambassadors become like I-site operators answering questions such as where are toilets, accommodation, Water taxis, tide times etc this
		needs to be considered in any future planning.
		*Current bus stop causing safety issues from the bottom car park with pedestrians walking in the middle of the road. ISSUES THAT CREATE ADDITIONAL TRAFFIC MOVEMENTS AROUND HAHEI ARE:
		*No Changing or toilet facilities at the entrance car park.
		*No cash for the shuttle bus means that people get cash out in the village and drive around the village looking for other parks
		* Even with the Grange Road car park being full, cars still drive round and around looking for parks.
		FUTURE DEVELOPMENT OF ENTRANCE CARPARK * Parking layout needs additional space to allow people to get changed/ get packs on etc.
		* Proposed 194 car parking spaces should be reduced to 170 to allow more room.
	Hahei	
	Lees Road	Manage the current walkway and traffic and town water/wastewater.
	Hahei Hahei	Keen up the good work. Start charging for parking and generate income for infractructure
285	напег	Keep up the good work. Start charging for parking and generate income for infrastructure. Hahei is already at capacity for tourists so why add an extra attraction that will create even more congestion. The Blowhole is best viewed from the sea
		not land. A fence would only need to be erected around the blowhole to stop people damaging the edge and falling in. Very dangerous and potentially
		damaging to the environment. Better signage to stop freedom camping. People are using Hahei car park as a free campground, toilets, BBQ, rubbish
		bins all for free and they leave a mess. It don't contribute much to the local economy. Kayak and water taxi should have to park their customers at
		village car park and shuttle them to the beach as their customers add to car park congestion.
286		
		We agree with the thrust of your documentation and agree that the vast majority of Lees Rd won't be affected one bit, most sections and lifestyle
		blocks are much further along towards Stella Everett and not actually bordering Lees rd. There is no expansion of parking at Stella Everett proposed so
		what is the concern of those on the road beyond the proposed parking area.
		It is essential that the Lees Road facilities go ahead. It will actually be a much pleasanter experience for cathedral cove/walkway visitors than an
		overcrowded Hahei with bus ride up the Hill etc., A visit to Hahei Beach can be a pleasant short walk and local shops will pick up business from these
		walkers.
		We object to the Cathedral Cove car park being drop off only. As local retired elderly residents who like to walk the track who can drop us off.?
		We now never attempt to park up there after 9 am and that works OK. Why should our convenience and amenity as Hahei Residents be totally taken
		away ? There are electronic monitoring options which would indicate car park full etc., but to take those parking spaces away totally during peak
		season is madness, it will just put another 100 or so vehicles into the Hahei Beachfront car park.
		So for us, the Lees Road parking with facilities and overnight stays is an absolute priority in order to take pressure off Hahei. Some of the business
		owners who want every single Cathedral Cove/walkway visitor going past their shop are just being greedy. Businesses have survived in Hahei for many
		years.
		Having said that the expansion of the village entrance park should still proceed but proper walking tracks/pavements with alternative routes to the
		beach should be provided. The road widening at the Hahei entrance seems to have ignored this point
		We do not agree with the imposition of high charges for parking as this will push more people to hunt around the side streets.
	Hahei Hahei	Yesterday cars were parked on the grass verges all along Hahei Beach Road back to the shops and 50 meters down side streets. The Cathedral cove taxi As long as an ugly fence isn't put along the cliff side.

289	
	Residents at the "quiet" end of the beach enjoy no traffic and do not want the Council spoiling it by creating an attraction for non residents, tourists
290	and only to cater for the 2% of people in Hahei who own businesses,
	Support the Lees Road proposal and upgrades to the new parking area at Hahei. Adequate toilet and rubbish disposal facilities are important on both
	sites. Lees Road should be tar sealed to avoid a dust nuisance for residents. There should be no fees charged for car parking in these car parking areas -
	otherwise quiet residential streets will become even more congested over summer. Traffic safety is an issue with the mix of pedestrians, tractors and
	builds, and other vehicles going at different speeds. On collection days there are also rubbish bines and bags and trucks needing access to them.
	Businesses need good vehicle access and parking for their customers. As with other tourist hot spots in NZ, visitor numbers will need careful on-going
291	management.
	Attachment - Email. I support both the Lees Road proposal and upgrades to the new parking area at the entrance to Hahei. Adequate toilet and rubbish
	disposal facilities are important. on both sites. Lees Road should b tar sealed to avoid a dust nuisance for residents. There should be no fees charged
	for car parking in these car parking areas- otherwise quiet residential streets will become even more congested. Over summer. Traffic safety is an issue
	with the mix of pedestrians, tractors and boats, and other vehicles going at different speeds On collection days there are also rubbish bins and bags
	and trucks needing access to them. Businesses need good vehicle access and parking for their customers. As with other tourist hot spots in NZ, visitor
	numbers will need careful on-going management.
292	
293	 No

		The pressure of the Cathedral Cove car park is obvious. I have observed people's cars being parked in. The pressure on the toilet block should also be considered - particularly with the increased numbers of campervans.
		Re the Cathedral Cove shuttle bus. Just one point to note. We have observed the bus travelling at quite a speed on the return trip (downhill and up the
294		dairy). There's usually a lot of pedestrians in the area.
295	Hahei	
		Sewage/wastewater treatment is of paramount importance if we are going to keep Hahei free from "pollution" All houses in Hahei should be required
		to connect to a Council sewage system within 5 years of the Council providing this option. Currently septic tanks overflow into the surrounding soil and
298		waste eventually ends up in the stream. This surely cannot continue!!
302	Lees Road	The eastern end of Pa Road already has parking and traffic problems
304	Hahei	Zoning of the residential boundary to Pa Road should be retained. We don't want another Whangamata!
		Increasing numbers of tourism has been on the agenda for so long yet the Council have been slow to respond to it resulting with the problem(s) we
305		have to face now Why always a catch-up mentality?
308
